

Winnetka Residents Purchase Homesites in Westmoor Trail

More than one-third of the Westmoor Trail subdivision being offered by Glen C. Bull in Winnetka west of Hibbard road at the foot of Westmoor, formerly Fig street, has been acquired by Winnetka residents for future homesites.

Erwin A. Meyers, Joseph E. Winterbotham and J. P. Stout acquired 125 feet frontage on the south side about two months ago and more recently E. P. Snyder acquired a like frontage on the south side of this tract and James A. Young acquired frontages of 125 feet on the north side.

The fact that all of these men are long time residents of Winnetka who have been looking for some time for a beautiful homesite upon which to erect larger and more beautiful homes, is an indication of the high regard which is held for this section overlooking the beautiful skokie Valley.

Plans for improvements are being rapidly completed and work is expected to be underway within the next two months.

Mr. Bull reports that all of these men have purchased with the expressed understanding that these sites have been acquired for the purpose of building a home for the use of the respective purchasers and is an assurance of the high quality of development that is to take place there.

Among the unusual features of this development are the restrictions which a plot of ground of a frontage of not prohibit the erection of any house on less than 125 feet and a minimum of 600 feet between houses which will always assure privacy.

The improvements are so planned that there are to be no overhead telephone or electric wires to mar the view, all electric conduits to be underground.

CLEAR OUT SKEETER NEST

The channel of the stream over which the bridge on Happ road was built a few years ago, was never thoroughly opened, and the flow of water has been more or less retarded. This improvement was made this week by Highway Commissioner J. A. Williams, and will prove of great benefit in affording better drainage of a large area.

Blackfriars to Present "House That Jack Built"

"The House That Jack Built," 1928 musical comedy of the Blackfriars, men's dramatic organization at the University of Chicago, will be presented in Mandel hall, 57th street and University avenue, May 18, 19, 25, and 26. There will be specially priced matinees for high school students May 19 and 26.

The show is a panorama of the University scene, with Old Man Stagg, the famous football coach, John D. Rockefeller, founder of the school, C. C. Pyle, promotor of the Bunion Derby, and many other well known figures moving through the action. The theme of the production is the attempt of a couple of 1928 undergraduates, who have married enough money to buy the school, to "make it the sort of place they always thought college could be."

SPECIAL COURT FOR SCOUTS

A special Court of Honor session was held for Kenilworth Scouts last Thursday in preparation for the Court of Award which is to be held by the North Shore Area Scout council at the Cabin in the Woods this Saturday.

Scout Claude Hamilton will be presented by Scoutmaster Robert W. Townley for his Eagle Scout badge and several other Scouts will be up for Star and Life Scout standing. More than 35 Merit Badge candidates will also be presented.

The Rev. Francis Carr Stifler, until recently pastor of the church, will preach the sermon at the Wilmette Baptist church Sunday, May 13, at the 11 o'clock services. Mr. Stifler leaves Wilmette soon to assume the pastorate of the First Baptist church at East Orange, N. J.
