### TEA FOR JOHANNA FRADA

Mr. and Mrs. Albert Pick, Jr. will hold a reception from 2 until 10 on Mothers' day, Sunday, May 13, at their home, 568 Cherry street, Winnetka, in honor of Mrs. Pick's mother Mrs. Johanna Frada Greenberg of Seattle. Mrs. Greenberg, or Johanna Frada, which is the name by which she is better known as a writer, has been visiting here for the past eight months and leaves on Monday for New York, Philadelphia, and Washington, D. C. She will stop here for a short visit later as she passes through on her way to Seattle.

## Outdoor Sports Now Claim Attention of N. T. Girl Athletes

Girls' sports at New Trier are progressing rapidly. The girls who are out for baseball have been assigned to teams and games are being played between these teams almost every evening after school. In spite of the exceedingly large number of girls out for this ever popular sport, this system is working very well. Track, too, is drawing its share of attention, and girls can be seen running around the cinder-track, jumping, throwing, or in any of the various phases of track almost every night, and not just the Tuesday and Thursday allotted to such practice.

In the very near future looms the Freshman-Sophomore Play Day, further details of which will be announced later, and just last week was the Junior-Senior Play Day held at Northwestern university in which New Trier participated, along with Evanston, Roycemore, Deerfield, and Senn. Many of the New Trier girls placed in their various events, among whom were Ray Kriete with a first in the hurdles and second in the broad jump and hop-step-and-jump, Helen Gerlach with second in diving, Doris Fraser third in diving, and Josephine Otter with a place in breaststroke. So New Trier really did quite well, especially as they did not have the full number of girls entered that were allowed. Lunch at Willard Hall, and the awarding of individual honors, and baseball games in which the girls participated as individuals, and were on teams with girls from many of the other schools were also part of the day's program. This is the first of what it is hoped and expected will be many such days. There is still swimming after school and the banquet of the Girls' Athletic association comes around the first of June. So there really is quite a bit to keep the girls busy, and on the go every minute.

Dr. and Mrs. George F. Suker of Starr road returned recently from a trip of about two months' duration to Europe. While abroad they visited Austria, Hungary, Czecho-Slovakia, Germany, France, and Italy; Dr. Suker visiting the clinics of the larger cities of those countries.
