articles by well known educators, as well as by parents, students, and regular newspaper correspondents in various parts of the world.

Because of its international distribution the paper is able to present to every nation ideas on education for its consideration.

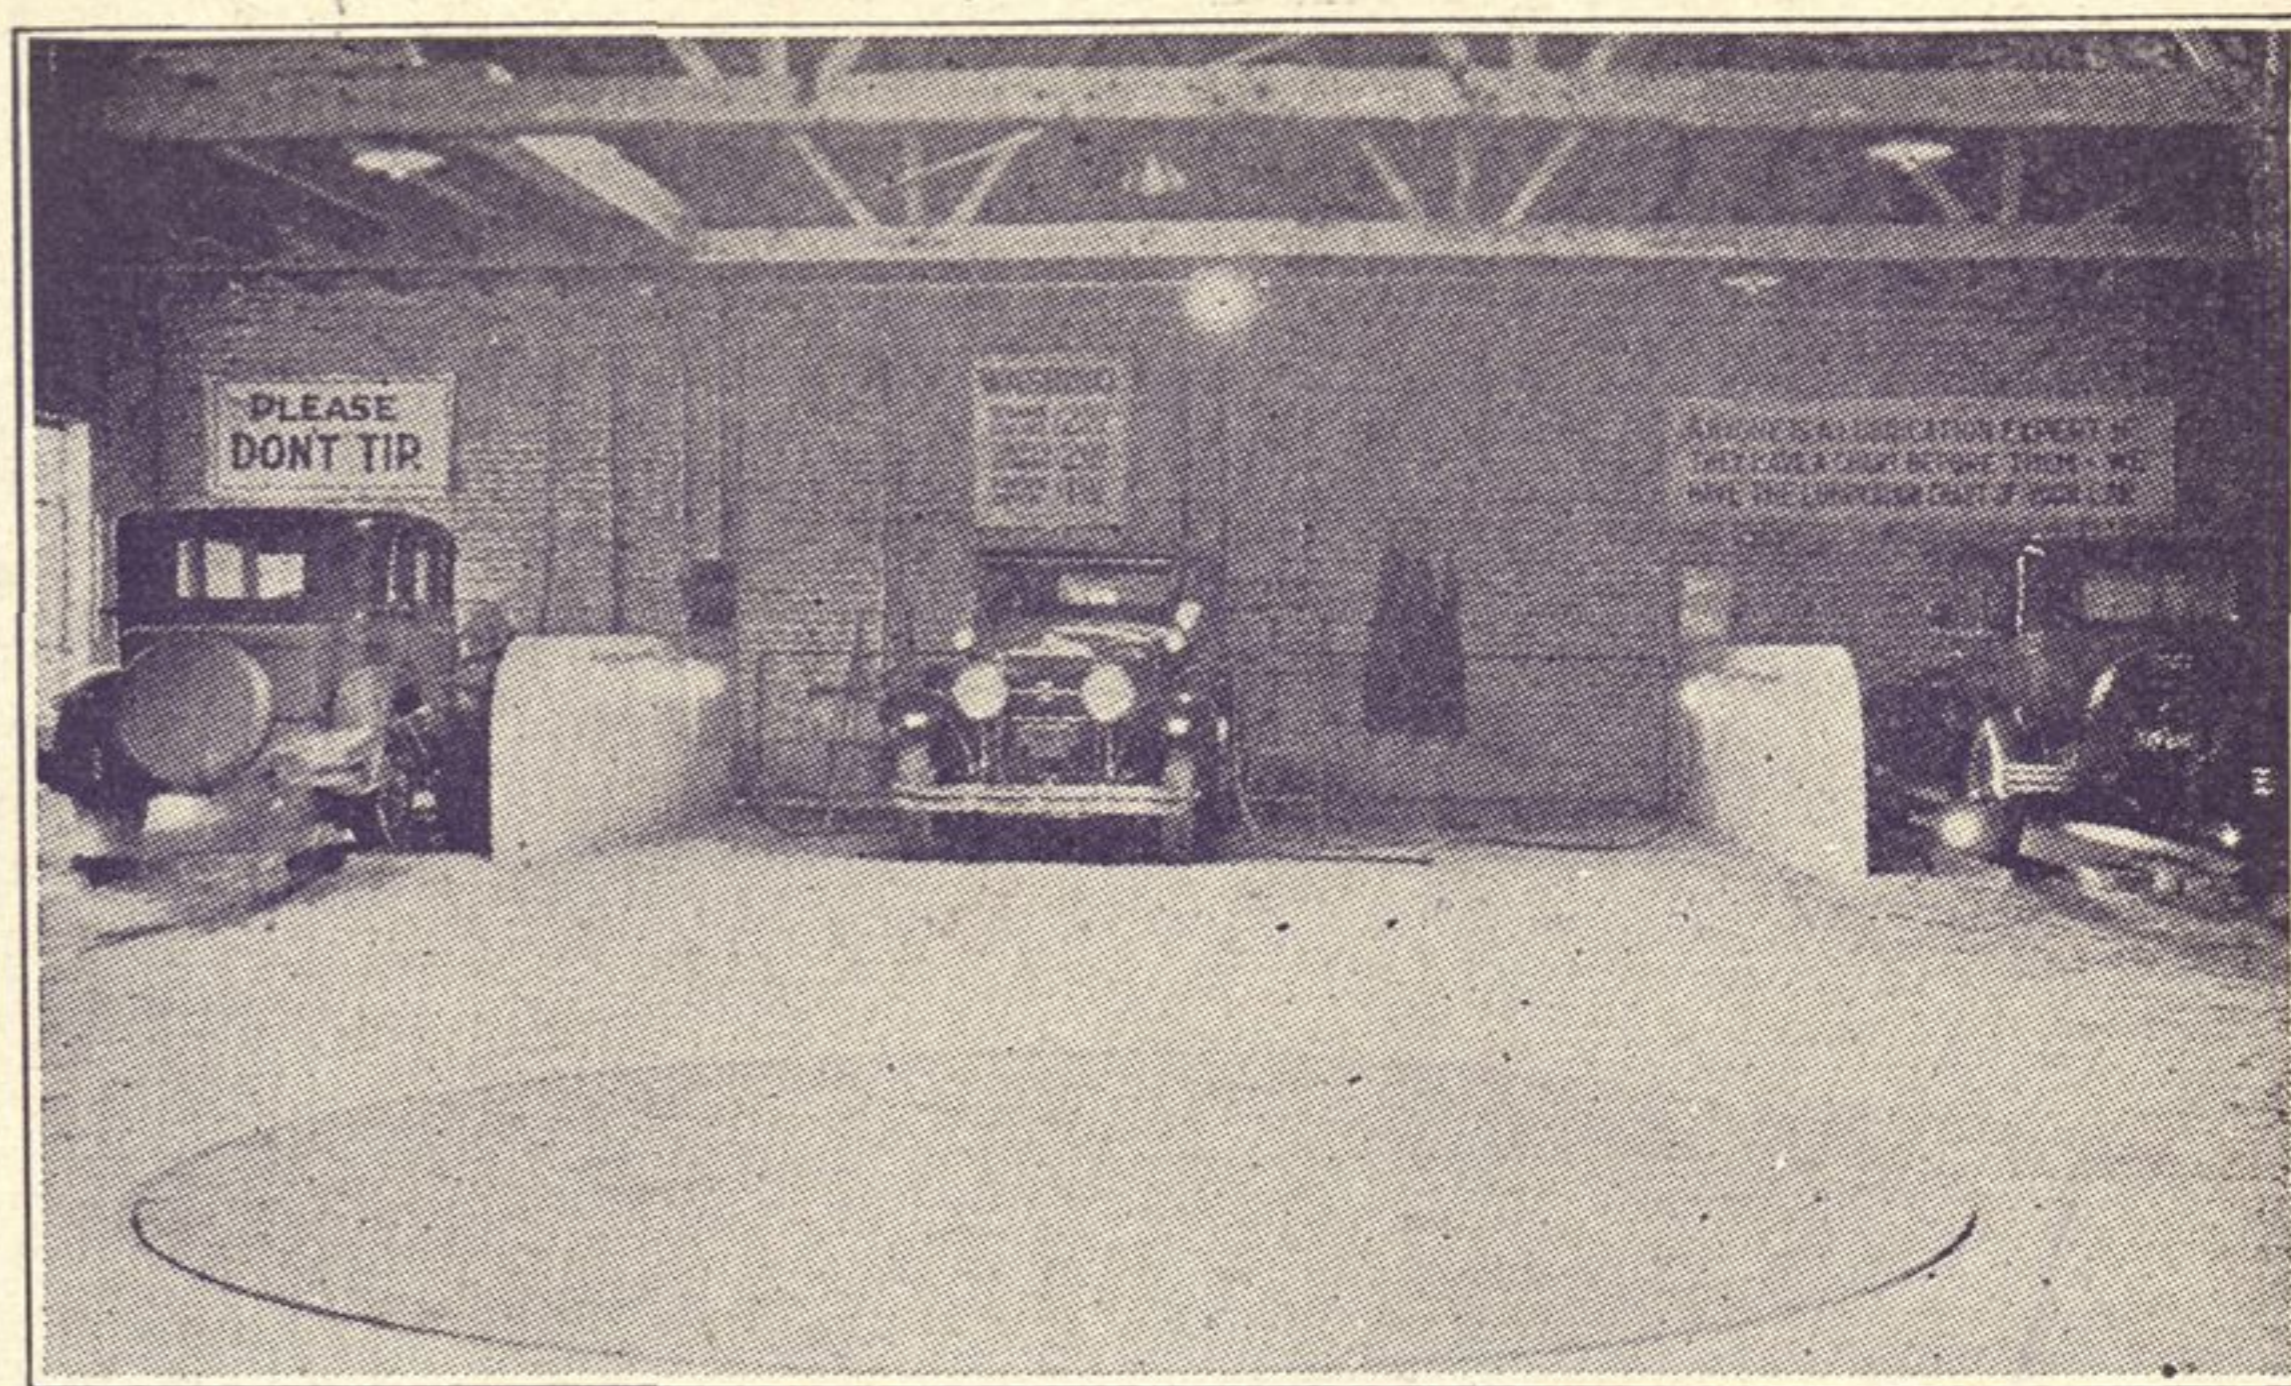

These pages are of interest to teachers, parents, college presidents, school boards, all educationalists whose constructive thoughts and activities aid in directing the great business of education; and to pupils themselves whose welfare should be considered first, last and always.

It's Time!

The grease in the transmission and differential of your car should now be changed to a "Summer Grade" Lubrication.

This is very important and should be given early consideration.
