## GAS Refrigeration

**FREEZE by HEAT**—for “if it's done with heat you can do it better with gas”—and if it's a perfect job of refrigeration you want, you also can do it better with gas.

Gas comes to your home without bother to you—noiselessly goes about performing its job in the **GAS REFRIGERATOR**—the appliance that has no moving parts to wear out.

There is a **GAS REFRIGERATOR** in operation at the gas office. You are invited to inspect it and see for yourself how simple—how efficient—how economical gas refrigeration is.
