R. E. Crosby Constructs Attractive Brick Home

Among the many attractive new homes construction on which was started throughout the north shore the first part of the year for May 1 occupancy, was the one on Cherry street between Maple and Cedar, in Winnetka, which R. E. Crosby, of Crosby & McKendry, 566 Center street, built for John C. Williams, of 850 Cherry street.

The architectural features of this red brick English house are rendered more outstanding by its appropriate location on a splendid 60 foot wooded lot. There is also a two-car brick garage.

The house comprises seven large rooms. A recessed entrance of stone, with the same material used for the exterior trim, are among the numerous pleasing features.

A very large living room and sun room with an arched opening between, lend an unusual spacious appearance to the interior. All other rooms are proportionately large, particularly the breakfast room and the master bed room.

The bath room is finished in a cream colored tile with black trim.

The heating plant is equipped with one of the most approved oil burners.

Mrs. Charles P. Barker, 557 Orchard lane, arrived in Madison, Wis., Wednesday enroute from Chippawa Falls, Wis., where she had been visiting her parents. Mr. Barker joined her Friday and they will spend the week-end with their daughter, Polly, who is a freshman at the University of Wisconsin.

Mrs. Sydnie Smith Cooley recently has been elected one of the directors on the board of the Lake View Musical society. Election was held at the annual meeting, luncheon, and conference held at the Drake hotel on Friday, May 11.
