

VISITS IN KENILWORTH

Mrs. Fred Woodard of Owosso, Mich., is in Kenilworth for this week-end as the guest of her sister, Mrs. Burt Crowe. Mrs. Crowe is planning to go to New York in June to visit

some of her sorority sisters and to spend commencement week at Mrs. Dow's school, Briarcliffe Manor, where Bethany Crowe is a student. After the exercises Mrs. Crowe and Bethany will go into the Berkshires to attend a house party.

This remarkable new BRAKE TESTING SERVICE!

BRAKES

cause accidents

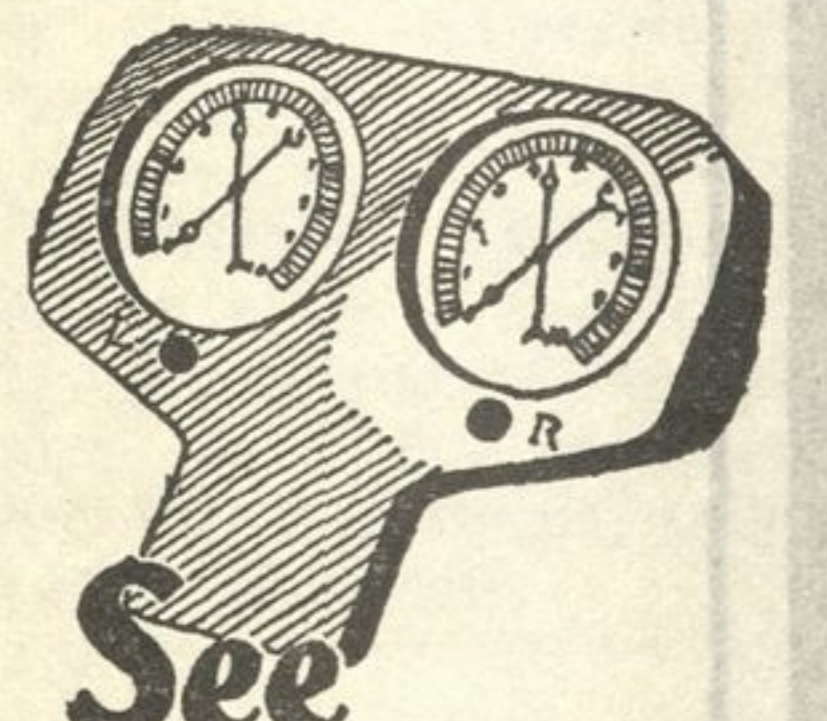

or prevent them

-which kind are yours?

WE have installed a new Jumbo Giant Brake Tester that scientifically tests two- or four-wheel brakes. Use our accurate test every 1500 miles without cost. If adjustments are needed we will make them quickly—at a very reasonable cost.

It takes only one skid—one emergency in which brakes fail to hold—to cause an accident. It might be slight—perhaps a jammed fender—and it might cost a life. Why gamble with chance? Brakes out of balance or not equalized will cause a

car to skid to the right or left. Four-wheel brakes, when out of adjustment, add no more to your ability to stop than two wheel brakes. Your car is only as safe as its brakes. Keep them in perfect adjustment.

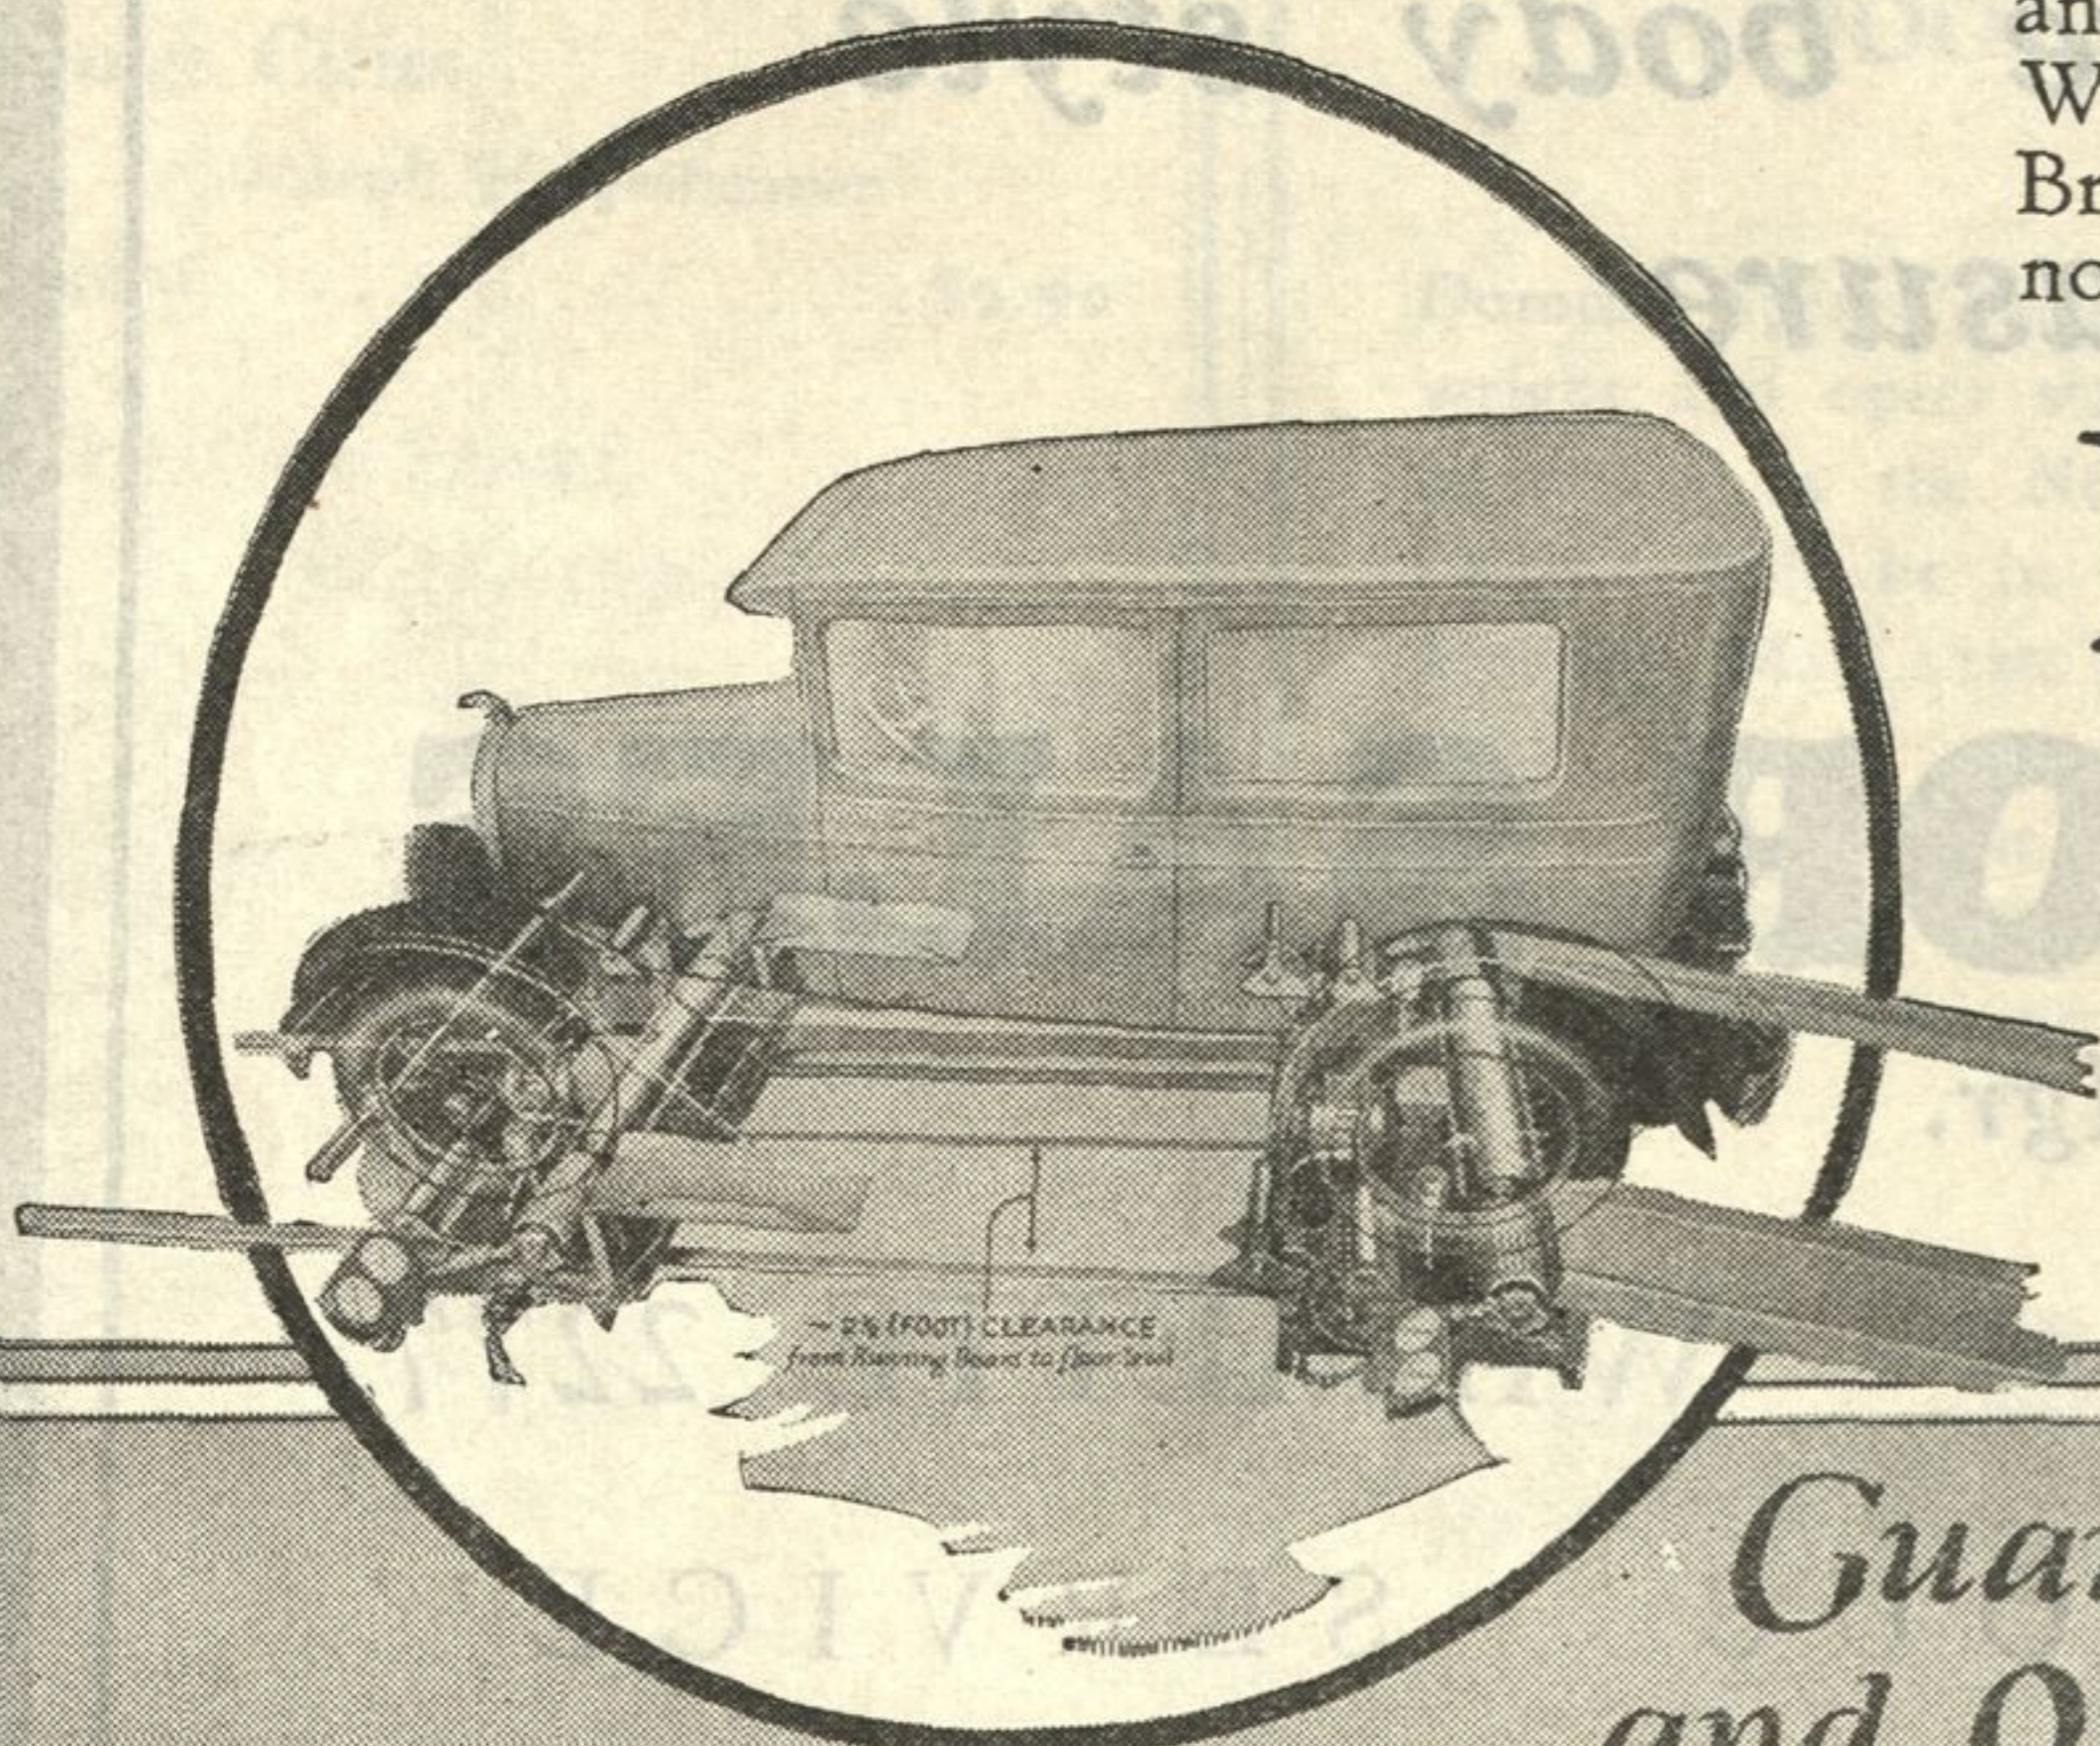

For Yourself

Right before your eyes—on accurate hydraulic gauges—the JUMBO Brake Tester reveals the true condition of the brake on each wheel. Eliminates all chance for human error—no guesswork. Assures positive equalization and perfect balance of brakes—maximum braking efficiency—"guaranteed safety!"
