Men's Garden Club Plans Flower Show June 16-17

The Men's Garden club of the Chicago district was organized several months ago and embraces a membership representative of the city and surrounding territory, a number of the members being from New Trier towns.

It is desired to bring into the fold every genuinely enthusiastic amateur flower grower in the territory. Paul Battey, of Glencoe, is treasurer, and, upon receipt of \$5 annual dues, will forward a membership card.

A flower show is to be held June 16 and 17 at the new administration building in Garfield park, by the club, at which it is hoped all members will exhibit. There will also be many interesting exhibits by non-members.

P. W. Armstrong of Glencoe is on the committee and will send information on request.

Story Hour Series to be Concluded May 26

Miss Gladys Levanius, of the National Kindergarten and Elementary College, will continue the telling of the Rhinegold stories, started last week, at the story hour this Saturday in the Wilmette Public library.

The story hour on May 26, at which the Rhinegold series will be concluded, will mark the discontinuance of the hours for the summer as they conflict during the vacation months with the other interests of the children.

The story hours have been conducted since last fall under the direction of Miss Winifred Bright, children's librarian. Miss Bright plans to resume the series next fall.

LIGHT HOUSE TO OPEN

My Wife Enjoys Living in Deere Park

"Because she is relieved of the problem of selecting the children's companions, as well as the watchful care necessary when we lived in the congested city.

"She knows that their play will be wholesome and healthful.

"She herself has found new enjoyment, and her cheeks are made rosy by invigorating air and bright sunlight.

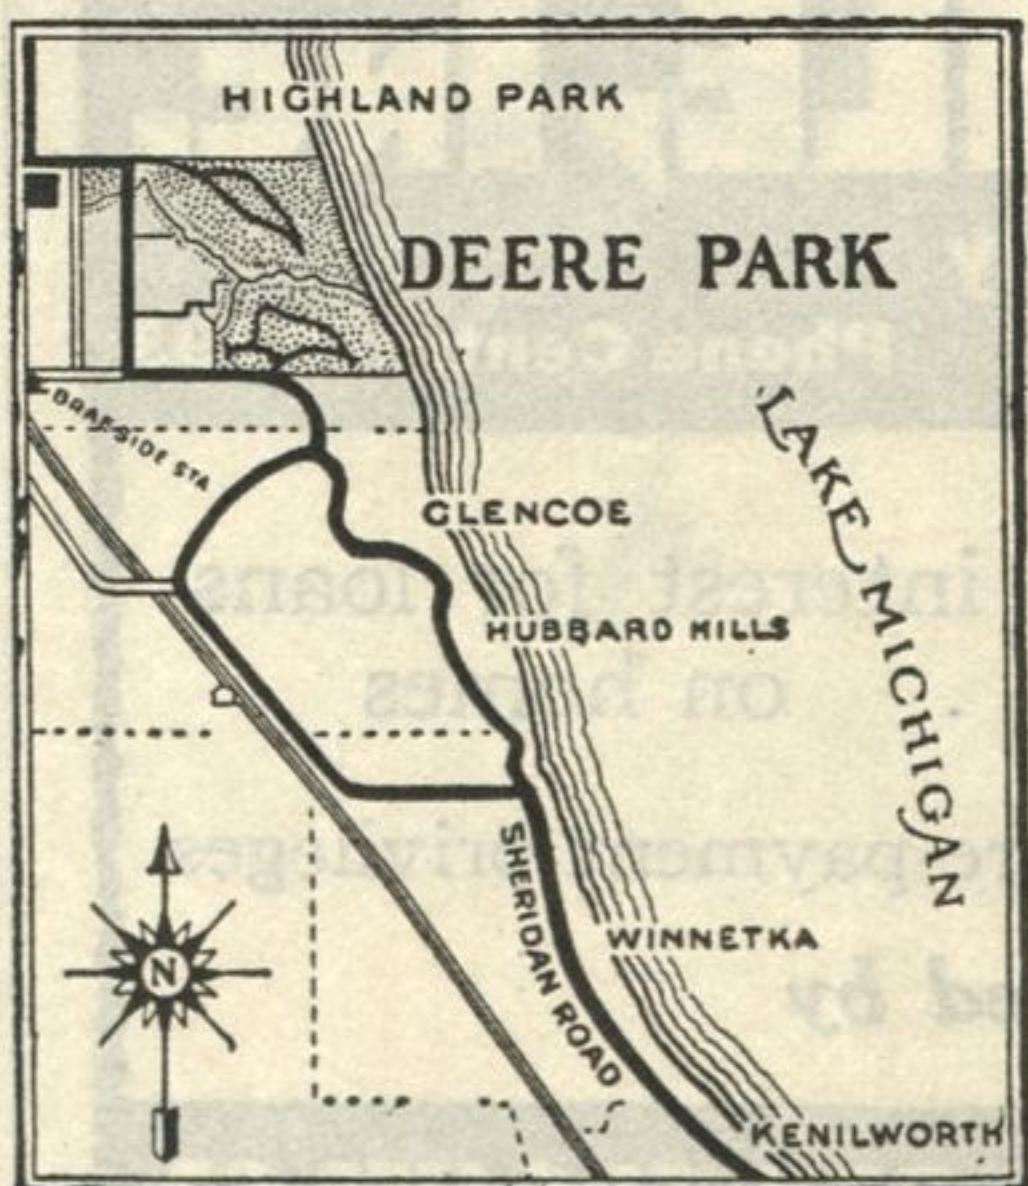

"She now feels confident in her motoring ability, and drives to nearby towns without fear.

"The pleasant neighbors she has found in Deere Park have made it the most pleasant place of residence we have ever known."
