Classroom Out in Forest

This is a classroom. The birds and trees and flowers are the studies and all learning is done by direct observation. In a new experiment last weekend nature lovers from north shore communities went to Camp Reinberg in the forest preserve northwest of here and learned of the outdoors first hand. The project, which was sponsored by the Izaak Walton League, Evanston chapter, was so successful that plans are considered for holding the Nature Lore institute, as they called their school, a longer time next year.

David Burnham has returned to Kenilworth from Princeton university and is spending a few days with his parents, Mr. and Mrs. Claude Burnham of Roslyn road. Miss Marion Dixon of Chicago, who has just been presented at the Court of St. James, and who is in England now with her father, spent a recent week-end at Balliol college, Oxford university, London, as the guest of James Burnham, who is a student there.
