

DODGE BROTHERS

VICTORY
SIX

How do YOU
test a motor car?

Is *speed* the first test you apply to a motor car? . . . Then drive The Victory Six, for no car in its class is so fast. . . Is *acceleration* a major consideration? . . . 5 to 25 miles in 7¼ seconds—10 to 45 miles in 13½ seconds—tell the unparalleled story of Victory pick-up.

Are you interested in *economy*? . . . 21 miles per gallon at 25 miles per hour is average gas consumption for this famous Six . . . *Roomy*? . . . Head room equal to any—superior to most—in its class. Wider seats—more leg room. *Big!*

And a beauty! Rakish and trim in line, richly upholstered, beautifully lacquered in smart hues—*tomorrow's* style with Dodge dependability. A car that you should try out—now—yourself at the wheel.

Coupe, \$1045; 4-door Sedan, \$1095; DeLuxe Sedan, \$1170; DeLuxe 4-pass. Coupe, \$1170; Sport Sedan, \$1295—f. o. b. Detroit.

Africa
Cruise

"The Zulu war-dance goes like this," you'll be able to tell . . . or a thousand other unique tales of places few have seen—the Argentine, South Africa's kaleidoscopic coast towns, the big game veldts and primitive native kraals. Last year this fascinating "Cruise of Contrasts" was nearly booked by mid-summer. Don't wait; phone or write for details now, while you can still get choice space.

S. S. Empress of France

A ship twice chosen by the Prince of Wales. 16 countries in 104 days. One management, ship and shore. For as little as \$1500.

Displaying the Flag

WHEN the flag is displayed other than by being flown from a staff, it should be displayed flat, whether indoors or out.

When displayed either horizontally or vertically against a wall, the union (that portion of the flag which contains the forty-eight white stars in a blue field) should be uppermost and to the flag's own right; that is, to the observer's left.

When displayed in a window, it should be displayed the same way; that is, work the union or blue field to the left of the observer in the street.

When festoons, rosettes, or draping of blue, white and red are desired, bunting should be used, but never the flag.

When displayed over the middle of the street, as between buildings, the flag should be suspended vertically, with the union to the north in an east and west street, or to the east in a north and south street.

Take curb flags down at sunset; they should not be left out at night.

Suggestions

1. No disrespect should be shown the flag of the United States of America.
2. The flag should not be dipped to any person or any thing. The regimental color, state flag, organization or institution flag will render this honor.
3. The flag should not be displayed with the union down except as a signal of distress.
4. No flag or pennant should be placed above or to the right of the flag of the United States of America.
5. The flag should not touch the ground or the floor, or trail in the water.
6. No object or emblem of any kind should be placed on or above the flag of the United States of America.
7. The flag should not be used as drapery in any form whatever. Use bunting of blue, white and red.
8. The flag should not be fastened in such a manner that it will be easily torn.
9. The flag should not be draped over the roof, top, sides or back of a vehicle or of a railroad train or boat. When the flag is displayed on a motor car, the staff should be affixed firmly to the chassis or clapped to the radiator cap.

Wilmette Girl Has Part in Elmira College Fete

Miss Marian Page, daughter of Mr. and Mrs. Albert N. Page, of Wilmette, took part of Diana in the famous May Day celebration of Elmira college held at Watkins Glen, N. Y., May 18. The scenic background of Watkins Glen,

one of the wonder spots of this country, makes the Elmira college May dances one of the most important events in the college year.

A surprise party was given by friends of Miss Emma Rummler of 1015 Starr road, Winnetka, last Monday evening in honor of her birthday.

Hydro - Electric Brake Testing Free in Evanston

We have just installed this wonderful machine which records the actual pressure exerted by your brakes on each wheel.

The *only* machine on the North Shore.
