

### Horace Mann Pupils Hold Parents' Day and Spring Festival

More than 250 parents attended the combined spring festival and Parents' Day program presented by the pupils of the Horace Mann school last Tuesday. Staged under the direction of Mrs. Jean Hislop Rumry, musical director in the intermediate grades, and Mrs. Betty Dale, physical director of the school, the outdoor program consisted of folk dancing and songs and other songs.

Following the conclusion of this part of the program, the parents went to the grades in which their children were enrolled where an entertainment typical of some part of the children's social science work was presented. Each room chose something different, dealing with some country, either ancient, modern or medieval, or some play representative of a country.

Children of one room had made a dirt map of early Winnetka, showing buildings, roads and other things of interest, and told their visitors the history of the Village as gleaned from interviews with some of the older residents.

Among the demonstrations staged by other rooms were an Egyptian tour, a medieval play, a Greek play, a Viking display, a European tour, a stereopticon show of primitive homes, a Russian play, Russian and Japanese teas, a circus and other like entertainment.

Mr. and Mrs. Donald K. Morrison, 1271 Scott avenue, are receiving congratulations on the birth of a son on May 29, at the Evanston hospital. The baby has been named Robert Lasier Morrison.

### Library at Horace Mann School Nears Completion

The work of placing the library at the Horace Mann school in readiness for use will soon be completed. Miss Esther Robinson, an experienced librarian, who has been organizing the libraries at the various Winnetka Public schools during the past year, has practically completed the compilation of the files and announces that it will be finished within a few days.

Teachers and parents are at work making curtains, lamps, chairs and other furnishings for the room and promise that it will be a veritable fairyland in which the children can enjoy reading to the utmost extent. It will be placed in use next fall.

Mrs. Thomas Weston Ritchie of Winnetka, with Mrs. Arthur Reynolds of Chicago, is passing the week at the Ritz-Carleton at Atlantic City.

## Hail the Successful Angler!

Even Sir Isaac Walton's unperturbed contentment beside a peaceful stream is abashed before the tranquility of some of the famous and successful fishermen we know: for ten and twelve years they have unremittingly dangled bait catching up every possible opportunity. You may be sure theirs is not "small fry."

The most successful bait for angling in the Sea of Life is money saved. It creates confidence; self-reliance, independence—the first lieutenants of Success. It isn't always the fellow who catches a whale that is happy—whales can be troublesome.

You can't keep money from increasing—even a few dollars deposited each month are many at the end of the year—and so time passes and money accumulates. Start today—be wise—open a

So runs the old rhyme about what the bride should wear on her wedding day—but here at the Band Box we, too, know what she should wear.

Wedding gowns—bridal veils—frocks and hats for the entire party. And all those lovely intimate things for the trousseau. We cordially invite the inspection of all brides-to-be—perhaps we can be of assistance in planning their wardrobe.
