

Hold Funeral Rites for Bernice Bricker in Monmouth Today

Brief rites for Miss Bernice Bricker, who died Monday afternoon at the Evanston hospital from injuries sustained when struck by a southbound train on the North Shore Line at the Wilmette avenue station Monday morning, were conducted from the Lewis funeral parlors Wednesday, following which the body was taken to Monmouth, Ill. Funeral services will be held in that city this afternoon from the home of her parents. Burial will be at Monmouth.

At the time of the accident which resulted in Miss Bricker's death, she was on her way to work at her brother's bakery in Winnetka and was attempting to catch a northbound local train which stood on Greenleaf avenue awaiting the passing of the Limited train coming from the opposite direction. Miss Bricker, who was 20 years of age and lived with her brother at 400 Prairie avenue, failed to perceive the approaching southbound train and darted directly into its path.

She was placed in a taxi by Dr. B. L. Mitchell and Joseph Pettinger, driver of the cab, and rushed to the Evanston hospital where she passed away a few hours later.

At an inquest, held at the Lewis funeral parlors Tuesday afternoon, a verdict of accidental death was returned by the coroner's jury.

Christian Science Churches

"Ancient and Modern Necromancy, alias Mesmerism and Hypnotism, Denounced" was the subject of the lesson-sermon in all Churches of Christ, Scientist, Sunday, May 27.

The Golden Text was from Malachi 4:2, "Unto you that fear my name shall the Son of righteousness arise with healing in his wings."

Among the citations which comprised the lesson-sermon was the following from the Bible: "Behold, I give unto you power to tread on serpents and scorpions, and over all the power of the enemy; and nothing shall by any means hurt you. Notwithstanding in this rejoice not, that the spirits are subject unto you; but rather rejoice because your names are written in heaven" (Luke 10:19,20).

The lesson-sermon also included the following passages from the Christian Science textbook, "Science and Health gift from a ritualistic Jehovah; but it was the demonstration of divine Love casting out error and healing the sick, not merely in the name of Christ, or Truth, but in demonstration of Truth" (p. 135).

with Key to the Scriptures," by Mary Baker Eddy: "Christianity as Jesus taught it was not a creed, nor a system of ceremonies, nor a special

Year Book Shows Great P. S. Company Progress

Stockholders of the Public Service Company of Northern Illinois and many other interested persons now are receiving copies of the company's 1928 Year Book.

Like its predecessors of other years, the 1928 Year Book sets forth in an

interesting, comprehensive manner, many things of outstanding interest concerning the company's operation.

The cover of this year's book is a reproduction of a night-time photograph of the company's Waukegan generating station. In the front section are Chairman Insull's annual address to stockholders, a description of the company's growth and the development of its territory, the increase in all

branches of the company's business, its new super-power inter-connections and many other topics of especial interest.

The new Powerton Generating station being built by the Super-Power Company of Illinois (of which the Public Service Company is part owner) is briefly described in this book. This station is being built on the Illinois River near Pekin and will be connected with the Public Service electric

transmission system by means of a 132,000-volt steel tower line now under construction. A 55,000-kilowatt generating unit is being installed here and probably will be placed in service late this summer.

The new Year Book contains about 30 pages and is illustrated with 35 photographs. It contains also a map of the company's territory and a list of the 295 communities served.
