## The Lions Might Have Best Time After All

In reference to the Boy Scouts who are being sent to Africa as guests of George Palmer Putnam and David Binney Putnam, a letter comes from Tanganyika, written by Martin Johnson, author of "Safari."

"You can assure the Boy Scouts that they are going to have the greatest time of their lives. Osa and I will wander around this country for hundreds of miles during the next two and a half months, and have the best camp site selected. Then, when I know the date your boys are to arrive, I will return to Nairobi, get the boys, and come right out with them. I will supply them with guns and everything they need. All they need to bring will be their clothing.

"We will take the best of care of them . . . Osa and I think we are going to have a better time out of their visit than they will, for we will certainly get a big kick in showing them the greatest time boys ever had."

Miss Florence Burnham, daughter of Mr. and Mrs. Alfred Newton Burnham, has returned from the University of Wisconsin and is a guest of Mr. and Mrs. Wiley J.
