## Broad-Brimmed Hats

of many kinds and colors

The wide-brimmed hat—by its grace and flattering qualities—has been restored to its rightful importance this season! Here are hats a woman of feminine taste will adore—

Alluring black hairbraids—hairbraids combined with laces of intricate pattern and with filmy maline.

Graceful tailored leghorn hats—bound in black grosgrain, and applied in geometrical patterns to match.

Hats of rare distinction—from Hodge and other famous makers.

Fine hairbraids in colors—particularly pastels—sometimes veiled with lace.

Milan brims combined with black crochet crowns, with squares of stitched satin set in all around.

\$15 to \$25

Lord's—Second Floor

Many people do not yet know that we cut hats to suit the headsize and the shape of the individual's face—as it is done in the French manner. We should be glad to have you ask us about this service.
