Think of having all the hot water you need for LAUNDRY—bath and kitchen; hot water pouring in a steaming flood from a faucet whenever you need it—without any bother for you! The Lion Tank Water Heater not only provides hot water easily for every need in your home, but it does it at low cost. Every modern home should have a gas hot water heater. It is not a luxury, but a necessity in households where an abundant supply of hot water is a daily requirement. If your home is not equipped for gas hot water service, be sure and have one of these water heaters installed NOW.
