

Wilmette Golf Club Has Fourth of July Program

The semi-final round in the grounds committee trophy tournament at the Wilmette Golf club will be held this morning. It will be eighteen holes play, handicap by holesup system. There will also be a low net foursome Sunday morning, eighteen holes, medal play, handicap. In the afternoon a two-ball mixed foursome, eighteen holes, medal play, handicap will be run off.

The play for July 4 will include a driving contest, class handicap, and flag contest. In the driving contest each class will drive from the first tee in regular play either in the morning or the afternoon. The class handicap to be played in the morning is an eighteen holes, medal play, handicap event. There will be a prize for low gross and one each for low net in classes A, B, C, and D. The flag con-

test to be held in the afternoon will be a four-ball forced mix 'em, eighteen holes, medal play, with a handicap allowance of one-half of the combined handicaps. Husbands and wives may not play as partners.

Mrs. A. J. Brock, and her daughter, Marjorie, of Kenilworth, have returned from California where they have been on an extended visit.

Harry Dubsy of Kenilworth has returned from Williams college where he has just finished his sophomore year.

Mrs. Fred D. Breit of Kenilworth gave a dinner party for eighteen guests Saturday night, June 23.

Mrs. Burt Crowe of Kenilworth entertained her bridge club Friday, June 22, for luncheon.

This Tells The Story

SILENT AUTOMATIC

THE NOISELESS OIL BURNER

Is Outselling All Other Oil Burners

Evanston, June 15, 1928

2000 Sheridan Road

I used coke at a cost of \$200 per year and with a Silent Automatic, Aug. 27, 1927, to June 1, 1928, I used 2,000 Gal. of oil at 7½c or \$150 in a steam plant.

I am for your burner 100%. If you can't sell the burner send your customer to me.

(signed) F. O. BECK.

Evanston, June 9, 1928

650 Michigan Ave.

The "Silent Automatic" during the last winter at no time failed in its operation and did not require the expenditure of any money for servicing.

(signed) W. L. FURBERSHAW.

Evanston, June 12, 1928

2828 Harrison Street

Would not exchange our burner for any other burner— unless it was another Silent Automatic.

(signed) DR. BENJ. RAPPAPORT.

What do you think about the following savings? Read them and change to oil now.

Evanston

Name	Address	Prev. Used	Silent
Dr. M. R. Broman	2614 Park Pl.	3,800 Gal.	2,846 Gal.
B. Crawl	904 Colfax	3,886 Gal.	2,692 Gal.
L. Carrithers	810 Lincoln	Coal \$250.00	\$242.15

Wilmette

Geo. T. Steen	1406 Gregory	3,750 Gal.	1,947 Gal.
---------------	--------------	------------	------------

Kenilworth

J. L. Wilds	244 Oxford	3,000 Gal.	2,600 Gal.
Arthur Bonnett	157 Robsart	Says less than soft coal	
H. V. Mesick	331 Essex	Coal \$425.00	\$225.00

Winnetka

F. W. Henkel	635 Walden	Coal \$450.00	\$375.00
John Rygel	811 Foxdale	Says coal more than oil	
G. A. Peterson	722 Elm	Says less than soft coal	

The Silent Automatic is the only oil burner that makes gas from oil before burning, and this is the direct reason why it is *silent*, more *economical* than coal, oil or gas, and *absolutely clean*.
