

**Motorists Should Help Prevent Auto Thievery**

"Extraordinary precaution should be exercised in safeguarding the theft of your automobile," especially at this season of the year, according to a special bulletin issued by Si. Mayer, president of the Automobile club of Illinois.

Investigation in a number of automobile theft cases during the past few weeks disclosed the fact that negligence on the part of the owner in locking his car encouraged the thief to make a quick get away without fear of immediate detection.

"Precaution in protection should be the motorist's first consideration" in safeguarding the interests of his machine and too few realize the importance of this in helping to discourage the automobile theft ring that prey upon the motorists.

Not only should the owner of a car properly protect his property by the use of suitable lock and key, but keep his car parked in a lighted territory instead of trying to find the most secluded spot. Spare tires should be securely locked and attached to frame of car. Never use a new tire as a spare, but on the contrary, select one that has about filled its mileage quota.

Motorists can do much to help fight against this existing menace to society.

**A CORRECTION**

In an item in WINNETKA TALK last week it was incorrectly announced that Mr. and Mrs. Arthur Brooks had sold their house at 1092 Spruce street to E. J. Huberman. Mr. and Mrs. Perry Wilberg owned the residence at 1092 Spruce street which they rented to the Brooks family, and have now sold to the Hubermans. WINNETKA TALK regrets the error.

Mr. and Mrs. Robert Danly and family of Kenilworth have returned from Florida where they spent the winter months.
