**Judson F. Stone Becomes His Successor as New President of Wilmette State Bank**

S. A. Wheelock, president of the Wilmette State bank for the past thirteen years, has retired from active connection with the bank. Upon his retirement, Judson F. Stone, a director for more than twelve years and chairman of the executive committee, was elected president.

Mr. Wheelock came to the Wilmette State bank in 1915 after having retired from the firm of Wayne and Low, with which he was associated for many years, having been one of the foremost merchants on South Water street. During his presidency, the bank has had a prosperous growth, the total deposits having increased more than \$3,000,000. Mr. Wheelock is in his eighty-first year and until recently, has been very active in the bank affairs, but due to advancing years, he has decided to take a less active part. He will remain on the Board of Directors.

Judson F. Stone, the new president, has been a resident of Wilmette for twenty-two years and is very active in Chicago and Wilmette, both in business and civic affairs. He is managing agent of the McCormick estates and a director of the International Harvester company. He is also president of the Belle City Malleable Iron company of Racine, Wis., a director of the Republic Realty Mortgage company and also a director of various other financial and commercial enterprises. Mr. Stone was a former president of the Chicago Association of Commerce. He is also a director of the Chicago Regional Planning commission, and he has served as a Wilmette Village trustee and on the zoning board.

The other officers of the bank are: Philip Hoffman, vice president; W. D. Leary, vice president; J. M. Budinger, cashier; W. B. Robinson, Jr., assistant cashier, and F. D. Anderson, assistant cashier.
