

Cunningham Trophy Play Starts at Wilmette Club

The first round, 18 holes, match play, handicap in the Cunningham trophy competition will be played this Saturday, July 21, at the Wilmette Golf club. The semi-final round, 18 holes, match play, handicap for the vice president's trophy is also scheduled for this Saturday at the club. A low net foursome, 18 holes, medal play, handicap will be played this Sunday, July 22.

Illinois ranks second among the states in the production of pig iron.

W. W. Kerr Named Director of National Credit Ass'n

Information has just been received in Wilmette of the election of W. Wallace Kerr of Wilmette as a director of the National Credit Men's association, at the convention of the association which was held at Seattle, Wash. Mr. Kerr, who has been a resident of Wilmette for the last twenty-two years, is credit man for the Cable Piano company of Chicago, with which firm he has been connected for twenty-seven years. He was elected vice-president of the Chicago Credit Men's association a few months ago.

Highest and Best in Culture to Be Shown at 1933 World's Fair

"Whereas, all that is highest and best in the culture of the world will be gathered at Chicago in 1933 to celebrate the one hundredth anniversary of the incorporation of this city."

That preamble to a resolution recently adopted by the Press club of Chicago states in a few words the vision for 1933 that is being transformed into reality for the centennial celebration.

Recruits for the World's Fair legion are coming in from more distant points than ever. Especially does the Midwest display its approval of the five dollar enrollment campaign. Distant cities and foreign nations are uniting to aid in the greatest project of its kind ever attempted. For instance, the city of Erie, Pa., will loan to Chicago for the centennial the world famous warship Niagara, Commodore Perry's flagship, in the Battle of Lake Erie. Remember? "We have met the enemy and they are ours"! For one hundred years the Niagara lay at the bottom of the lake. Today it is restored and is at anchor in the harbor of Erie.

James Simpson, chairman of the Chicago Plan commission, has pictured a super-city in a communication to the centennial trustees, in which he pledges the unwavering support of his commission.

Sauganash and Wabansia, famous Pottawattamie chiefs, and Shabona, who rode through the Fox River valley warning the settlers of Black Hawk's last raid, will all be portrayed by present day Indians in a series of historic pageants. These will vie with the "last word" in scientific achievement in a mighty ensemble, which, under present plans, will be viewed alike by millions of Americans, and by at least eight of the crowned heads.

Seven Realty Sales Made By Hokanson and Jenks

Hokanson & Jenks, Inc., 513 Davis street, Evanston, announce the following sales:
