WINNETKA TRUST and SAVINGS BANK

Elm Street at Center

Sewage Plant Starts Operation Soon

The pump and blower house of the sanitary district's new sewage treatment plant at McCormick boulevard and Oakton street, which will serve the north shore. This is the largest plant of its type in the world and is expected to be put in operation during the latter part of August. The building shown here, one of exceptionally attractive architecture, houses seven turbo type air compressors, capable of compressing 250,000 cubic feet of free air per minute to a pressure of seven and three-fourth pounds per square inch. The air is used to aerate the sewage.

Four Seasons Poultry Farm Section's Largest

The Four Seasons, a mile and a half north of Glenview on Waukegan road, puts within convenient reach of Evanstonians and other residents of the north shore good food and good dancing amid pleasant surroundings and the cool freshness of the country.

An entertainment bill topped by Jules Novit and his popular orchestra and an especially friendly spirit on the part of all concerned with the roadhouse, make this one of the most attractive places of its kind in Cook county.

The Four Seasons is delightfully located with a view of the surrounding rolling hills from the broad verandah. The Four Seasons Poultry farm, the largest poultry farm in this section of

the country, is operated in connection with the roadhouse and not only supplies the table with fresh chicken and eggs but also sells poultry and squabs, live or dressed, and eggs to many north shore people who motor out to buy.

ANNOUNCES TROTH

James Keeley of Chicago announces the engagement of his daughter, Ruth, to Luther Hammond, son of Mr. and Mrs. Luther S. Hammond, formerly of Indian Hill. The wedding will take place shortly after Christmas.

The United States has the greatest per capita wealth of diamonds of all countries, according to figures for 1926. More than 10,000,000 carats, of an estimated value of about \$4,000,000,000 are owned in this country.
