

GAS INCINERATOR

for less than
\$100.00

Eliminates the garbag can and trips through the rain or snow.

Does away with feeding and breeding places of rats, mice, insects and germs.

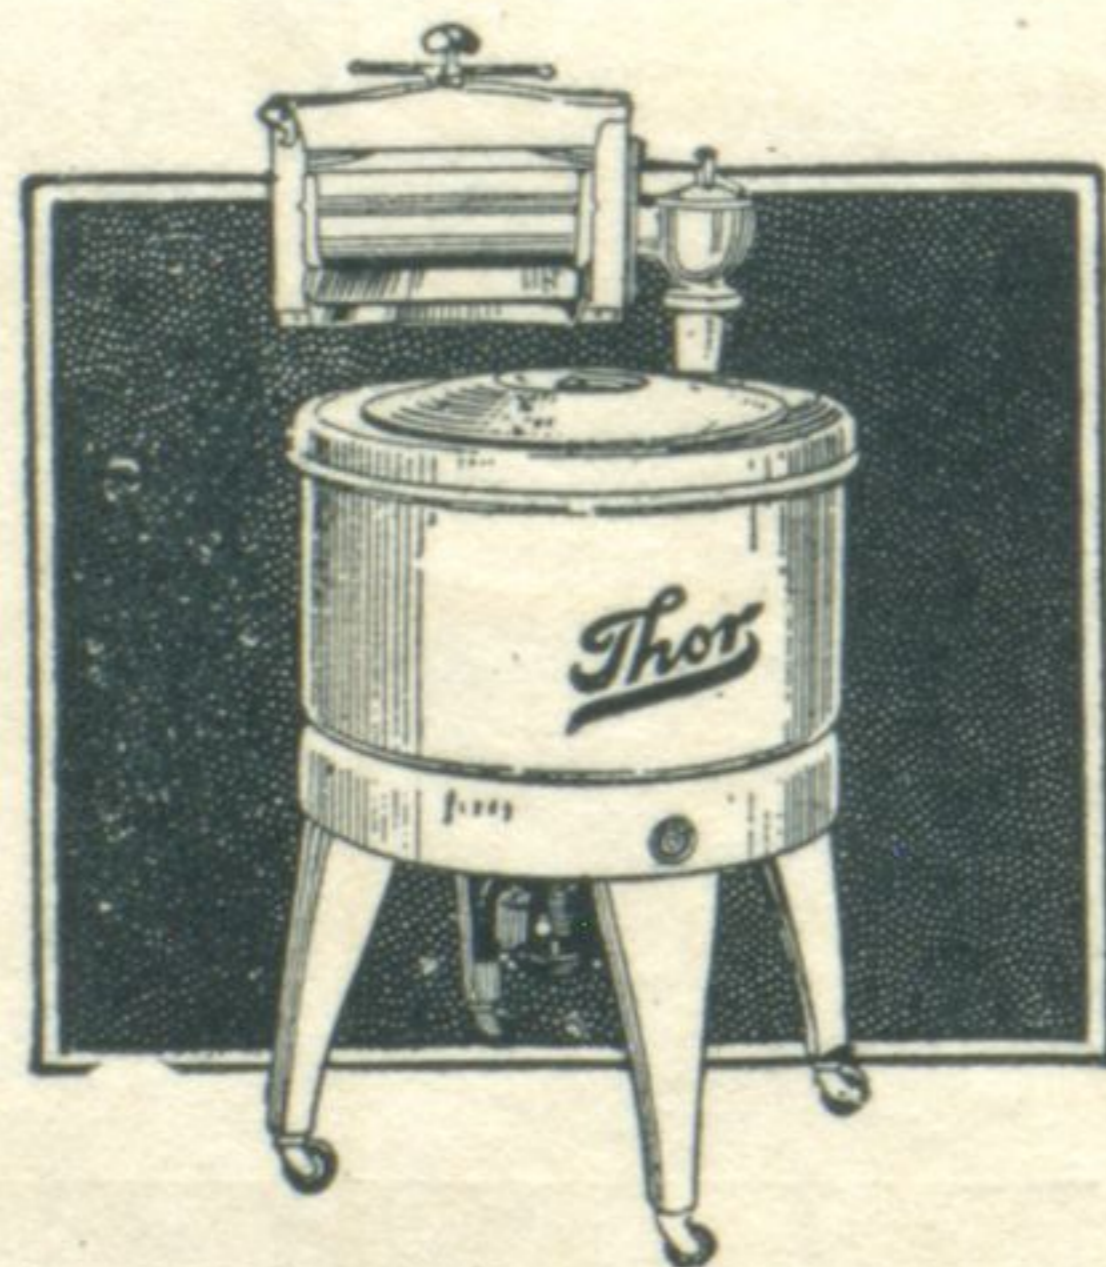

It safely and easily burns old papers, rubbish and kitchen refuse—the bane of housewives and enemies of clean, sanitary living conditions. Get rid of the breeding and feeding places of flies, insects and vermin. Eliminate fire hazards and sources of danger to your family's health. This Gas Incinerator is efficient and economical to operate.
