

Petitions for Rezoning Presented to Trustees

Two petitions for rezoning residential property to "C" commercial were presented to the Village council Tuesday evening and referred to the committee on plats and zoning, of which Trustee Doris D. Benson is chairman.

One of the petitions involves the lot on the east side of Chestnut street immediately south of the Winnetka Sanitary dairy. It is owned by Bertram France.

The other petition was presented by

Claude Ellis and involves the east portion of the lot immediately north of 840 Center street, the location of the hot water heating store of Fred A. Ellis & Sons.

Mr. and Mrs. G. W. Atkin, 565 Willow road, are spending two weeks in Minneapolis. Mr. Atkin's sister, Mrs. Nels Rosenquist, and her children are staying in the Atkins home during their absence.

Lodge 942 of the Order of Eastern Star will have its regular meeting next Monday night, August 27.

Policeman Luensman Has Three in His Family Now

A son, their first child, was born Sunday morning to Mr. and Mrs. J. H. Luensman, of Northbrook. Mr. Luensman Jr. weighed in at 9 pounds, 5 ounces, giving evidence of exceeding his illustrious dad, who, by the way, is himself one of the leaders in the heavy-weight class of the Winnetka Police department.

The recent storm which interfered with the electric service for three hours in Glencoe, had no effect on the Winnetka service.

11:45 and Saturday Is Bewildering Time For Village Firemen

Whether or not 11:45 o'clock and Saturday have anything to do with the springing of locks is not definitely established, but circumstantial evidence in the hands of the Winnetka Fire department indicates they have.

At 11:45 Saturday morning the department received a frantic call for help from the residence of Laurence F. Greenebaum, 1074 Laurel avenue, where the baby accidentally had been locked in the bath room, where the water, preparatory to the bath, was pouring into the tub.

The speed at which that water meter was going 'round was exceeded only by the speedometer on the fire truck, responding to the call for help.

Only an instant was required to hoist a ladder to the bath room window, through which the firemen entered and shut off the water before any damage resulted.

At 11:45 p. m., exactly twelve hours later, the firemen received another call for the ladder brigade, wanted at the residence of Dr. Francis E. Senear, 592 Cherry street, where the Doctor found himself locked out and without a key. The family was away from home. Entrance to the house was gained by the firemen through a second story window.

Council Orders Coal for Water and Light Plants

The Village council Tuesday evening authorized execution of a contract with the Old Ben Coal corporation for fuel requirements for the water and light plants, for a period of one year.

The price is \$1.40 per ton, F. O. B. the mines, for two-inch Southern Illinois screenings. The contract was awarded in accordance with detailed specifications of the village as to heating value of the coal, and service.

The junior auxiliary of the Southern Woman's club of Chicago will give a card party at 2 o'clock this afternoon at the home of Mrs. Newell Elliott Vinson, 5828 Kenmore avenue. Miss Ramona Vinson is chairman of the party, and Miss Dixie Trimble is president of the organization.

Mr. and Mrs. Henry R. Hale of 761 Foxdale avenue and Mrs. William G. Hibbard, II of 840 Willow road, left this week for Wyoming, where they will stay for a month at Hillman's ranch near Sheridan.

Dr. and Mrs. Hobart P. Young and children of 708 Prospect avenue will arrive home Sunday from Camp Manitou, in Ontario, where they have been vacationing for a month.

PRESERVING TIME SPECIALS

Preserving is quite a task, but it can be made considerably easier when the proper utensils are at hand. So before you begin this tedious work, you'd better take inventory and see that you have the proper equipment.
