E. M. VOGNILD DIES

Enoch M. Vognild, who formerly lived in Winnetka and was the brother of Mrs. A. D. Denis, Jr. of 1044 Tower road and who for the past two years has been residing in Stamford, Conn. where he was the Art Director of the public schools, died August 18, at Woodstock, N. Y. Mr. Vognild had a wide acquaintance on the north shore and was well known because of his art work. His wife, Reita Jeaneait, and daughter, Betty, survive him. Burial was at the Irving Park Boulevard cemetery in Chicago, last Wednesday.

Adam Scott Finds Home of His Dreams in Wisconsin Town

Adam Scott, landscape gardener whose address, until last week, was 896 Spruce street, Winnetka, and whose work was confined largely to the north shore villages, has extended his field of operations to include the territory between Winnetka and Lake Geneva and has moved his family into their new home, an estate, if you please, of twenty-two acres, at Genoa, Wis.

Mr. Scott has long coveted just this sort of a home, but declares his fondest dreams had never visioned a place quite as ideal in every respect, as this.

The village of Genoa is situated three miles north of the Illinois line, nine miles from Lake Geneva and fifty-two miles from Winnetka.

The twenty-two acre "Hill Crest" estate is in the corporate limits of the village. It is a beautiful, sloping piece of ground, improved with a substantial eight-room house, modern throughout, also and a large barn. There is an abundance of fruit of all kinds, five or six acres of native trees, with the balance of the tract in an advanced state of cultivation.

"Scotty" says he has lived there only a week, and during that time has not only had many overtures to sell the place, but has been offered a very substantial increase in the price for which he bought the property.

He is looking forward to living a long time, but insists he will spend the remainder of his life on "Hill Crest," watching Chicago grow, right up to him, and the value of his little farm keeping just one jump ahead.

Chicago Boy Breaks Leg in Fall From Auto Truck

August Lentzen, 14 years old, who lives at 5020 North Keeler avenue, Chicago, fell off a truck on Dundee road last Saturday, breaking a leg and injuring both arms. He was on his way to the Illinois Golf club, where he is employed as a caddie and had been given a ride on a west-bound truck. A sudden jolt of the truck threw the boy to the pavement. The boy was removed to the office of Dr. John H. Gromley, 342 Park avenue, Glencoe, where his injuries were dressed, after which he was taken to the Cook County hospital.

ASK FOR RECIPES

Many women have expressed an interest in the promise of a Winnetka Cook book containing famous and tested recipes of our local talent. This was to be on sale at the Holiday shops in Community house on November 20 and 21. But a disappointment may be in store for those interested unless everyone who has promised to contribute recipes, contributes immediately. Although a great number were promised, not enough recipes have been received to make publication possible, and it will soon be too late. These recipes may be sent to Community house in care of Mrs. Ellison, or to Mrs. Royal Hoagland, 416 Willow road.

Miss Catherine and Miss Virginia Lay, daughters of Mr. and Mrs. Harry Lay of 1408 Edgewood lane, returned Saturday, August 18, from a motor trip around the lake. They had the company of Miss Marie Hissink from The Hague whom Miss Catherine met while traveling in Europe last year. Miss Hissink will be their guest until Saturday when she leaves for Boston to visit friends before sailing in September for Holland.

Mrs. James P. Schreiner, 1040 Spruce street, entertained a number of friends on Thursday, August 23 for luncheon and bridge.

Frigidaire Corporation, the world's largest makers of electric refrigerators

PRESENT

THE NEW FRIGIDAIRE

*You don't hear it start... You don't hear it stop
You don't hear it run*

For twelve years the pioneer in automatic refrigeration... once again sets a new standard.

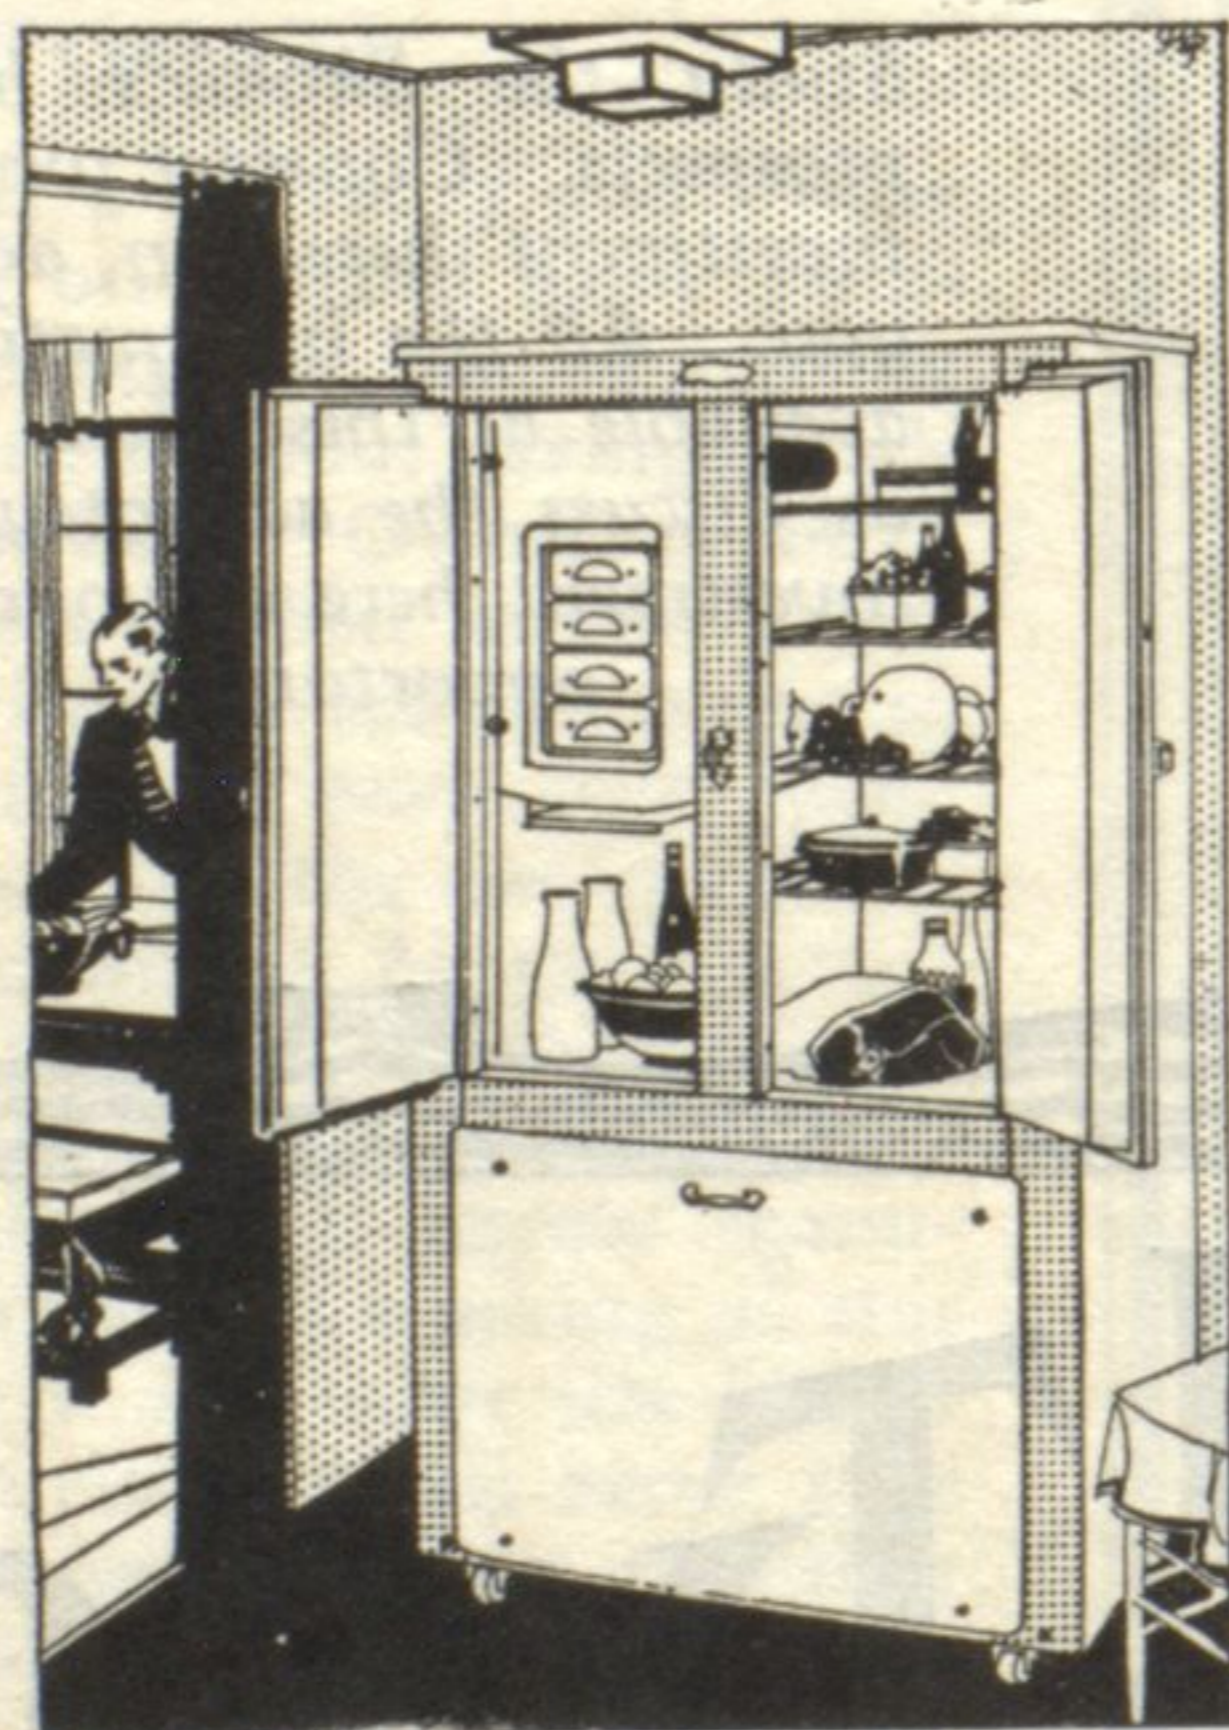

INCREDIBLY quiet operation, greater cabinet beauty and convenience... surplus refrigerating power built into a new and radically improved compressor... this is the New Frigidaire.

Millions of dollars were spent to make possible the New Frigidaire. Sound-proof rooms were constructed for tests. Delicate sound recording instruments were used. The result is an entirely new development in automatic refrigeration.

The New Frigidaire is incredibly quiet. You don't

hear it start. You don't hear it stop. You don't hear it run.

The New Frigidaire is the most beautiful refrigerator ever developed commercially. But more surprising even than its beauty, is the convenience of its details. You should see it for yourself... only then can you realize the advance which the New Frigidaire marks in convenient housekeeping.

Big special demonstration

The New Frigidaire is now on our showroom floor. We're giving a special demonstration every day and every night this week.

Come in and see it this week and learn about the low prices and easy General Motors terms.
