WINNETKAN DROWNS, RESCUE COMPANIONS

Four New Trier High School Graduates Thrown in Lake When Catboat Overturns

Fred Rummmler, 21, son of E. A. Rummmler, 1015 Starr road, Winnetka, was drowned in Lake Michigan about three miles off the Winnetka shore Tuesday morning after clinging desperately during the night to an overturned catboat in which he and three companions had sailed out of Wilmette harbor Monday night. His three friends were rescued about 1 o'clock Tuesday afternoon by Evanston coast guards.

Friends and former associates of Fred at New Trier High school are mourning his untimely death. "He was an earnest, conscientious, hard working boy," remarked Frederick A. Kahler, dean of boys at the high school. Fred has grown up in this community, where his parents have lived for many years. His father, E. A. Rummmler, has served as village president and has always taken an active interest in civic affairs.

Marjory Oleson, 17, of 240 Woodstock avenue, Kenilworth, daughter of John P. Oleson, vice-president of the First National bank of Chicago, was rescued about half a mile from the boat after she had sunk once. She had started to swim to shore.

Cling to Boat 15 Hours

The two other members of the party, Shirley Conlee, 18, daughter of H. E. Conlee, of 627 West Kenilworth road, Kenilworth, and Harold Tarrant, 20, son of J. H. Tarrant, of 944 Westmoor road, Winnetka, were still clinging to the little craft after fifteen hours when the rescuers found them. They were near exhaustion.

The party of four rented a sixteen-foot catboat from the Buccaneer's club in Wilmette harbor Monday night. They had gone about three miles when a sudden gust of wind struck the boat, overturned it, and threw out its occupants. All were good swimmers, and after pulling themselves up they clung to the little craft, confident that a passing boat could be hailed to pick them up. Their efforts to attract the attention of excursion steamers which passed nearby during the night were unsuccessful.

Rummmler a Hero

The three survivors of the accident declare that Rummmler was the real hero during the long night hours, as it was he who cheered them up and attempted to make light of the situation. It was about 9 o'clock in the morning, as near as Tarrant and the girls could tell, when Rummmler lost his hold on the boat and rolled off into the water. Tarrant dived for him and brought him up. Two more times Rummmler slipped into the water, and Tarrant's third attempt to rescue him was unsuccessful, as he was too weak to lift the body.

Rummmler was graduated from New Trier Township High school in 1927 and had spent one year at Cornell university. The three survivors were also New Trier graduates of the class of 1928.

Girls in Hospital

The two girls were taken to the Evanston hospital greatly exhausted but not in a critical condition. Tarrant was also exhausted but was able to give the details of the accident to police and other officials.

In addition to the Evanston coast guard, the Chicago coast guard and two seaplanes from the Great Lakes Naval Training station took part in the search for the missing party. Paul Helman, in charge of the coast guard boat that brought the survivors ashore, was assisted by W. T. Owens and C. D. Lindstrom.

Save the Surface and you save all

By giving the porch or garage a fresh coat of paint each fall, you not only add to its appearance, but prolong the service of wood and metal. Then, too, there are many other things that should be painted at this time of the year.
