

NEW IMPROVEMENTS AT COUNTRY DAY SCHOOL

Boys and Girls Will Notice Changes When Classes Start September 17

When the 350 boys and girls who comprise the student body at North Shore Country Day School come trooping back to school September 17, they will find that while they have been away enjoying the many pleasures of the summer vacation, the school heads have been busy with extensive improvements, many of which are for the pleasure and well being of the students.

Several months ago the triangular piece of ground lying east of Church road and used as the boys' athletic field was sold for building development purposes and in its place the school purchased the two acre piece lying south of Willow road and west of Center street and connecting with the large tract which the school previously owned to the south, all of which has been converted into a most magnificent athletic field.

Remove Barns and Sheds

The barns, sheds and chicken houses have been removed from the two acre piece. Leicester hall this summer was removed from Diller street to the grove just east of Dunlop hall, fronting on Elder lane, where it is being remodeled again to be used as a home for the teachers. A large dining room and kitchen have been erected on the east hill side with a large open porch above.

Only two living trees had to be sacrificed to make room for the removal of this house.

The old Cook residence at Willow and Forest has also been remodeled and leased to Head Master Perry Dunlap Smith.

Build Retaining Wall

The large tract from which Leicester hall was removed and the two acres adjoining on the north comprise the new athletic field. A retaining wall has been built on the east, the tract graded and leveled, and shrubbery planted on the north and east sides.

A combination field house and garage has been erected at the Willow street side, and the remainder of the tract, thoroughly tile drained, converted into one full sized football field; one practice football field; one 220-yard straight away cinder track; two full size hockey fields for girls, in addition to providing ample space for jumping pits, shot putting, pole vaulting and discus and javelin throwing, and other field and track events.

Mrs. J. B. Wayman, 1243 Scott avenue, has as her house guest, Mrs. Mary A. Beam of Ingleside, Cal. Miss Bernice Elliott Smith of Indianapolis is visiting Mrs. Wayman's daughter, Miss Nel Wayman, who entertained informally in her honor last Thursday afternoon.

Miss Ghita Watson, daughter of Mrs. Pettit Watson, arrived home yesterday after visiting with Suzette Morton at Harbor Point for several weeks.

Truck Driver Is Injured in Boulevard Collision

A collision between a truck and a car on Sheridan road at Elm street Thursday morning resulted in injuries to the driver of the truck and damages to both vehicles. The truck, owned by Peter H. Witty, was driven by Frank Stipe, of 1319 Green Bay road, Highland Park, who suffered severe cuts on his left wrist as a result of the crash. The car was driven by Dr. A. G. Swaney, of Lee's Summit, Mo. Dr. Swaney's wife and two children were riding with him, but none of them was injured. The left side of the automobile was demolished, while the steering gear of the truck was wrecked, according to Officers J. H. Luensman and Harold Lewis.

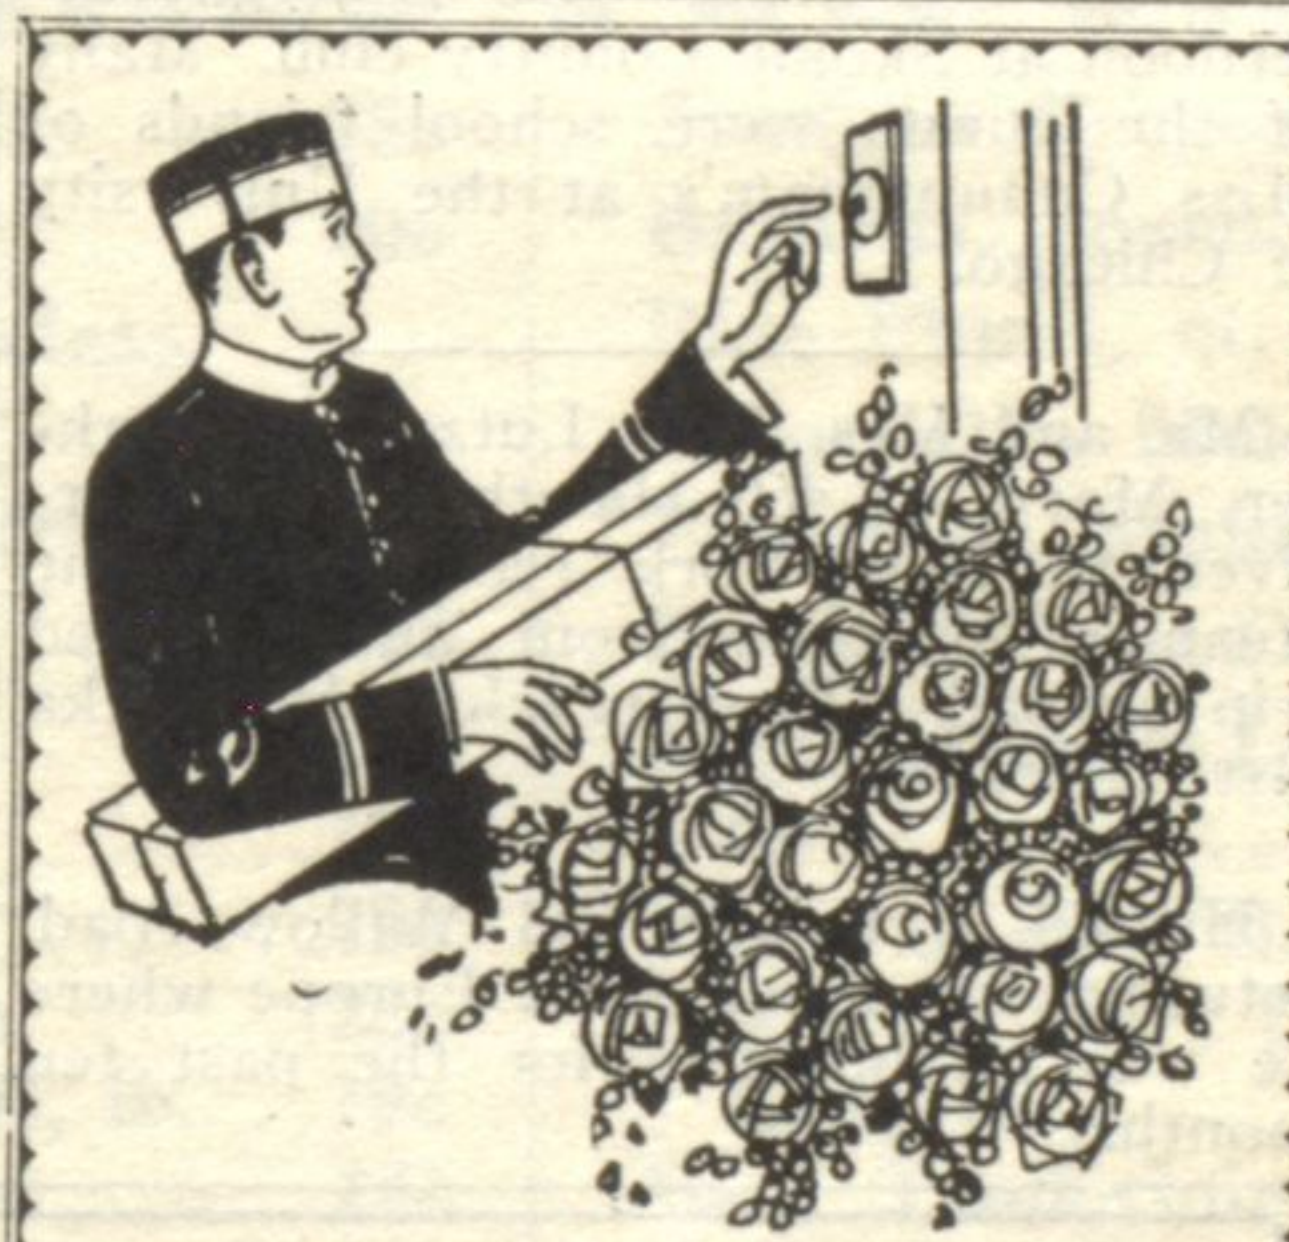

New Students Guests of Old at College Luncheon

The north shore branch of the Chicago Rockford College association will give a luncheon in honor of the twenty-five girls from Chicago and suburbs who are entering Rockford college in September. This luncheon will occur on Friday afternoon, September 14, at 1 o'clock, at the home of Mrs. Frank H. McCulloch, 2236 Orrington avenue, Evanston. There will also be present many of the forty-seven Chicago girls who are returning to Rockford who will assist in making welcome their new school mates.

Center, Oak Streets Sign Replaced by New Board

The old Chicago sign at the southwest corner of Center and Oak streets has been replaced with a sign the letters of which are made of small refractory lenses which are illuminated by the lights from cars. The sign was erected without expense to the village for demonstrating purposes. It is an English patent.

Mr. and Mrs. Benjamin Reach of 844 Prospect avenue arrived home last Saturday from their European trip. Their children, Betty May and Frank, who have been in camp in Michigan this summer, are expected to return today.

WE DELIVER FLOWERS

Visit our flower shop and make your own selections from the many choice blossoms we have on display every day, or phone your order and you may be sure to get exactly what you want. We make a specialty of prompt deliveries and never disappoint. We furnish flowers and potted plants for every occasion.

it costs so little to enjoy oil heating

The SILENT AUTOMATIC oil burner sets a new standard of heating efficiency for the whole industry—

—it is so silent that it cannot be heard in a room directly above your heating plant—

—and it sells for \$395—the lowest price in history for a burner of one size and one price, which will heat any room from a cottage to a mansion.

That is why we say—"Now it costs so little to enjoy oil heating." For this price is revolutionary among other good oil burners. Before you buy a ton of coal, visit our display room. See the SILENT AUTOMATIC in operation there. Ask about the convenient terms. There is only one "Silent"

SILENT AUTOMATIC

THE NOISELESS OIL BURNER

There is only one "Silent"

\$395

One size burner at one price for any home.

Prospective purchasers in this community will be interested to know that the Silent Automatic Corporation is one of the strongest financial organizations in the oil burner industry. No "Silent" will ever become an "orphan."

Complete with automatic safety and operating controls. Nominal installation costs depend on basement conditions, oil storage equipment and local regulations. Listed as standard by the Underwriters' Laboratories.
