**James Simpson Buys
Lake County Tract
for Country Estate**

James Simpson, of Glencoe, president of Marshall Field & Company, has purchased 500 acres of land adjoining the Mill Creek Hunt club in Newport township, Lake county. Mr. Simpson's purchase is said to have been acquired as a site for a country estate.

The tract bought by Mr. Simpson adjoins the hunt club grounds on the north, fronting on Wadsworth road between Wadsworth and Millburn. It lies along the banks of Mill creek, a picturesque stream. John Griffith, of Lake Forest, was broker in the transaction.

Similar purchases of land totaling some 900 acres have been made by Benjamin Behr and Austin Niblack, both of Lake Forest. The Behr and Niblack purchases were acquired for country estates also, but will be developed to provide riding facilities for the Hunt club.

Mr. Niblack, who was a leader in the organization of the Mill creek club, is noted for his interest in the hunt. He is reported to have purchased, along with Mr. Behr, the Mill Creek farms property of W. K. Young.

This latter tract also adjoins the club grounds, and is considered ideal for purposes of the chase. It has a rolling terrain criss-crossed by small streams.

Mrs. S. W. Anderson of 558 Arbor Vitae road and her family returned last Tuesday from Lauderdale Lakes, Wis. where they spent the summer.

James Stanton, son of Mr. and Mrs. H. T. Stanton of 698 Blackthorn road, has returned from summer camp at Camp Highlands, Wis.

Walter Spry, well known pianist and teacher in the Columbia School of Music, has returned from his vacation in Colorado and will devote one day a week during the season at the branch school in Winnetka.

Mr. Spry was guest teacher at Alabama college during the summer session in June and July where he had charge of the Master Class for advanced piano students. He has been successful in preparing young pianists for the concert stage, and among his recent pupils who have achieved distinction are Margaret Farr and Howard Feiges, both of whom have appeared in the concerts of the Chicago Symphony orchestra under Frederick Stock.
