Wildcats Sharpening Their Claws

Photo of Hanley by Underwood and Underwood

Here are Dick Hanley and four of his Wildcats, who are sharpening their claws for some lively conference and intersectional grid competition this fall. In the top left corner is Walt Holmer, 190-lb. fullback and captain of the Purple team, veteran of two campaigns. To him Wildcat supporters will look for considerable valuable yardage through the line. Below Holmer is Yatz Levison, an Evanstonian, another third year player. Yatz is a quarterback and a ball carrier of great ability. He will probably

be one of the main cogs in the Purple offense. At the top, right, is Larry Oliphant, a newcomer. Larry graduated last year from Evanston Township high school, where he was one of the most brilliant ends the school has produced. His running mate, Ted Egbert, also a new acquisition from Coach Riddell's Orange and Blue squad, is an equally promising wingman. At the bottom, right, is John Haas, whose work at halfback last year, his first season, indicates that he will probably be heard from a good deal this fall.

Announcement

Dr. J. M. Cozart, who came to Evanston Sept. 1st, 1915 and associated himself with the then existing Veterinary Hospital at 1021 Davis St., has but for only a few months time, since that date, practiced Veterinary Medicine along the North Shore, at and from the same address.

Since Sept. 1st, 1928, Dr. Cozart has had full charge of the property at 1021 Davis St., and is conducting his practice and his animal hospital to be known as follows:

COZART ANIMAL HOSPITAL

Separate Building for Contagious Cases

1021 Davis St.

EVANSTON

University 1700

John M. Cozart, D. V. M., personally treats and sees to the comfort of all patients.
