

Road Tips

183rd street is now open to traffic from 76th avenue to Western avenue.

31st street from the Mannheim road to the County line is now open to traffic.

Oakton street from Waukegan road to LeHigh road is now open to traffic. The approaches to the bridge over the north branch of the Chicago river are not stoned, but are passable in dry weather.

Asbury avenue from Oakton street to Howard avenue is now open to traffic.

Chicago to Carpentersville—Via Illinois-63 (Higgins Road)—this road extends from Milwaukee avenue in Chicago to Carpentersville, and has no detours.

Homewood, Ill. to Hobart, Ind.—Via

Homewood-Lansing road and the Ridge road—No detours now on this route.

22nd street between 1st avenue in Broadview and York road in DuPage Co. has a new 20-foot concrete pavement which is now open to traffic. This leaves a short but good graveled gap near the DesPlaines river unpaved.

Illinois-6 — Jackson boulevard is closed from Clinton street to Garfield Park. Traffic from the loop wishing to use Illinois-4 is advised to go west on Washington boulevard to Ogden avenue and southwest on Ogden avenue which becomes Illinois-4 at Jackson boulevard. Traffic originating on the south side and wishing to use Illinois-4 is advised to go west on Roosevelt road or 12th street to Ogden avenue which is Illinois-4. The detour on Illinois-6 in Maywood has been removed and traffic is using the new 40-foot pavement.

Illinois-19—Detour in Des Plaines;

follow marked detour route over city streets.

Illinois-42-A—Detour at Glenview; follow marked detour route west to Sherman road; then north on this road into Northbrook; then easterly to Lee road; then northerly to Deerfield road; then west into Deerfield to Illinois-42-A (Waukegan road). Will be opened about September 1.

GRAHAM-PAIGE A WINNER

The Norwegian-Swedish automobile race was won this year by Lief Mathiesen, who piloted an American car, a Graham-Paige, over the Oslo-Stockholm-Goteborg-Oslo course of 1550 kilometers (960 miles.)

DARING STUNT, BUT FOOLISH

Do not invite an accident or injuries by daring a driver to hit you. It is easier for the pedestrian to stop in his tracks, for sometimes the brakes won't work.

British Authority Sounds Praise Note for Graham-Paige

High praise for an American car by a recognized British authority is contained in a recent report of a road test of a six-cylinder Graham-Paige model 619, conducted by "The Motor," leading automobile publication of Great Britain.

"The Graham-Paige," says "Motor" in summing up its analysis, "is an exceptionally attractive car, being possessed of a fine performance, and providing the comfort of many vehicles costing nearly double."

Four-speed cars are popular in Europe, so naturally "Motor" was particularly interested in the improved type of four-speed drive used in the Graham-Paige, utilizing internal gears to provide a quiet third speed.

"The manufacturers of the Graham-Paige," says the British authority, must be given the credit for being the first American concern to realize that a big six or eight-cylinder engine is capable of dealing with its load satisfactorily in a much higher gear than the average 5 to 1 ratio favored by other American concerns.

"The fact that four forward speeds are available is, however, by no means the most interesting point, for the outstanding features are the practically fool-proof gear change and the silence of the transmission when third is employed; so quiet is it, in fact, that an expert would not be able to detect the difference at speeds up to 50 miles per hour.

"The car covered a flying half-mile at Brooklands in 23.45 seconds, equivalent to 75.63 miles per hour, which incidentally is the highest speed we have ever attained on a standard American production model submitted to us for test.

Wersted Shop Now Has Four Car Greasing Rack

The new air pressure greasing rack has been completed at the W. T. Wersted Motor company of Winnetka, dealers in Dodge Brothers cars. This makes it possible to handle four greasing jobs at the same time and saves considerable time, according to Mr. Wersted.

KEEP OFF THE STREET

Parents should take the time to teach their children to keep out of the street while playing and be very careful at all times when crossing the street.

Public Approval

Six months' sales of Graham-Paige sixes and eights exceeded those of any twelve months in eighteen years. August—too, established a new all-time monthly sales record. We will continue to so manufacture each motor car that Graham-Paige may retain and increase this public approval. A car is at your disposal.

*Joseph B. Graham
Robert C. Graham
Ray A. Graham*

Five chassis—sixes and eights—prices ranging from \$860 to \$2485. Car illustrated is Model 610, five-passenger Sedan, \$875. All prices f. o. b. Detroit.
