Need Household Furnishings For Teachers' Rooms

(Contributed)

The Parent-Teacher association of the Winnetka schools once more wishes to remind householders that all manner of household furnishings can be used in the teachers' apartments. Look through your attics and your closets and let the P. T. A. know of furniture, curtains, blankets, plated ware, dishes, and cooking utensils that are not in use.

Don't forget that the mothers of Winnetka have five apartments they rent, furnish, and sub-rent to the teachers and that any furnishings you can contribute saves buying furniture with P. T. A. money, of which there is always too little. Contributors should call Winnetka 2085.

Remember that these apartments are available for summer rental, furnished, at the regular unfurnished prices. Let your friends hear of the opportunity of spending a summer in Winnetka very reasonably. The apartments will be ready any time after school closes in June.

Don't forget! These apartments are a community enterprise and we all want to see that they are properly furnished for the teachers and also rented for the summer. No article is too small. Call us up about it.

She searched the highways and byways of England and as a result now has a remarkable collection of unusual antiques which are intriguing those people on the north shore who frequent her shop.
