Warn Parents That Guards Have Left Bathing Beach

The bathing season at the Kenilworth beach closed officially Sunday, September 9. No life guard has been stationed at the beach since that time, and the beach committee of the Kenilworth club issued out a warning to parents this week, requesting them to safeguard their children who have been in the habit of bathing under the life guard's protection. The official closing of the beach does not mean, however, that bathing must cease there, as the dressing rooms will remain open for use as long as good weather continues.

RECOVERING FROM ILLNESS

Miss Dorothy Darling of 256 Kenilworth avenue, who has been ill in the Evanston hospital, is recovering and will return to her home next week. Miss Darling and Miss Betty Nelegar of 322 Kenilworth avenue will return to Ogontz school October 1.

Edward J. Meltzer Music School Will Open in Wilmette

Wilmette will have a new school of music when the Meltzer School of Music opens September 15. Edward J. Meltzer is well known in musical circles along the north shore, having taught wind instruments and band music at Northwestern university, North Shore Country Day school, and the Skokie school in Winnetka besides having had his own classes in branches located in Wilmette, Winnetka, Evanston, and Chicago. He will continue his teaching this season and in addition will open schools in Wilmette and Evanston with a complete faculty for the teaching of piano, organ, violin, viola, 'cello, bass, as well as the wind and fretted instruments which he has heretofore taught. The Wilmette branch will be located at 1167 Wilmette avenue and the Evanston branch at 1614 Sherman avenue.

The piano faculty will include Irene Taylor, who holds the Bachelor of Fine Arts degree from the Nebraska Wesleyan university and has heretofore taught in that institution; Laurance Skewes, for several years a pupil of the celebrated Matthey in London and an authorized exponent of his method; Edith Moody, who received her Bachelor of Music from Northwestern university; and Melford Arntzen, pupil of John Charles Haake, and others. The Visuola, a new device which, it is said, makes piano study a delight to every pupil, has been installed and will be used in the piano instruction.

Porter Warrington Heaps has been secured to head the organ department. He has studied with Marcel Dupre and Eric DeLamarter. Mr. Heaps has held the positions of organist and choirmaster in many prominent Chicago and north shore churches and is now serving in those capacities at the First Methodist church of Evanston.

In the violin department will be found Lucile Turner and Lorena Manley. They both studied the violin with Prof. H. E. Knapp of Northwestern university and hold Bachelor of Music degrees from that institution. Miss Turner won the Juillard scholarship in 1926 which entitled her to continue her studies with Albert Spalding, Georges Enesco, and Hans Letz in New York. Miss Manley, besides being an excellent violinist, is also an expert performer on the viola and has been a member of the Evanston Symphony orchestra for several seasons. The 'cello and bass will be taught by equally competent teachers.

In the wind instrument department, instruction will be given on the flute, clarinet, saxophone, cornet, horn, trombone and other brasses by Mr. Meltzer and several personally trained assistants. During the past summer, he taught in the Columbia School of Music's normal course in Chicago and teachers came from as far as Pennsylvania and Connecticut to study his methods of teaching. His duties as director of the school will necessarily limit his teaching time and he has secured Alfred Quartullo, graduate of the Conservatory of Naples and master teacher of the mandolin, guitar, and banjo to head the department of fretted instruments.

Mr. and Mrs. Theodore Moritz of 226 Warwick road, Kenilworth left on Monday to drive to New York where they will meet their son, Bert, who has been traveling Europe this summer with Bob Prentiss.

Mr. and Mrs. F. E. M. Cole and daughter, Bernice, of 305 Essex road, have returned to Kenilworth from a three weeks' sojourn at Lake Buckatoban, Wis. They motored there and returned by way of Madison.

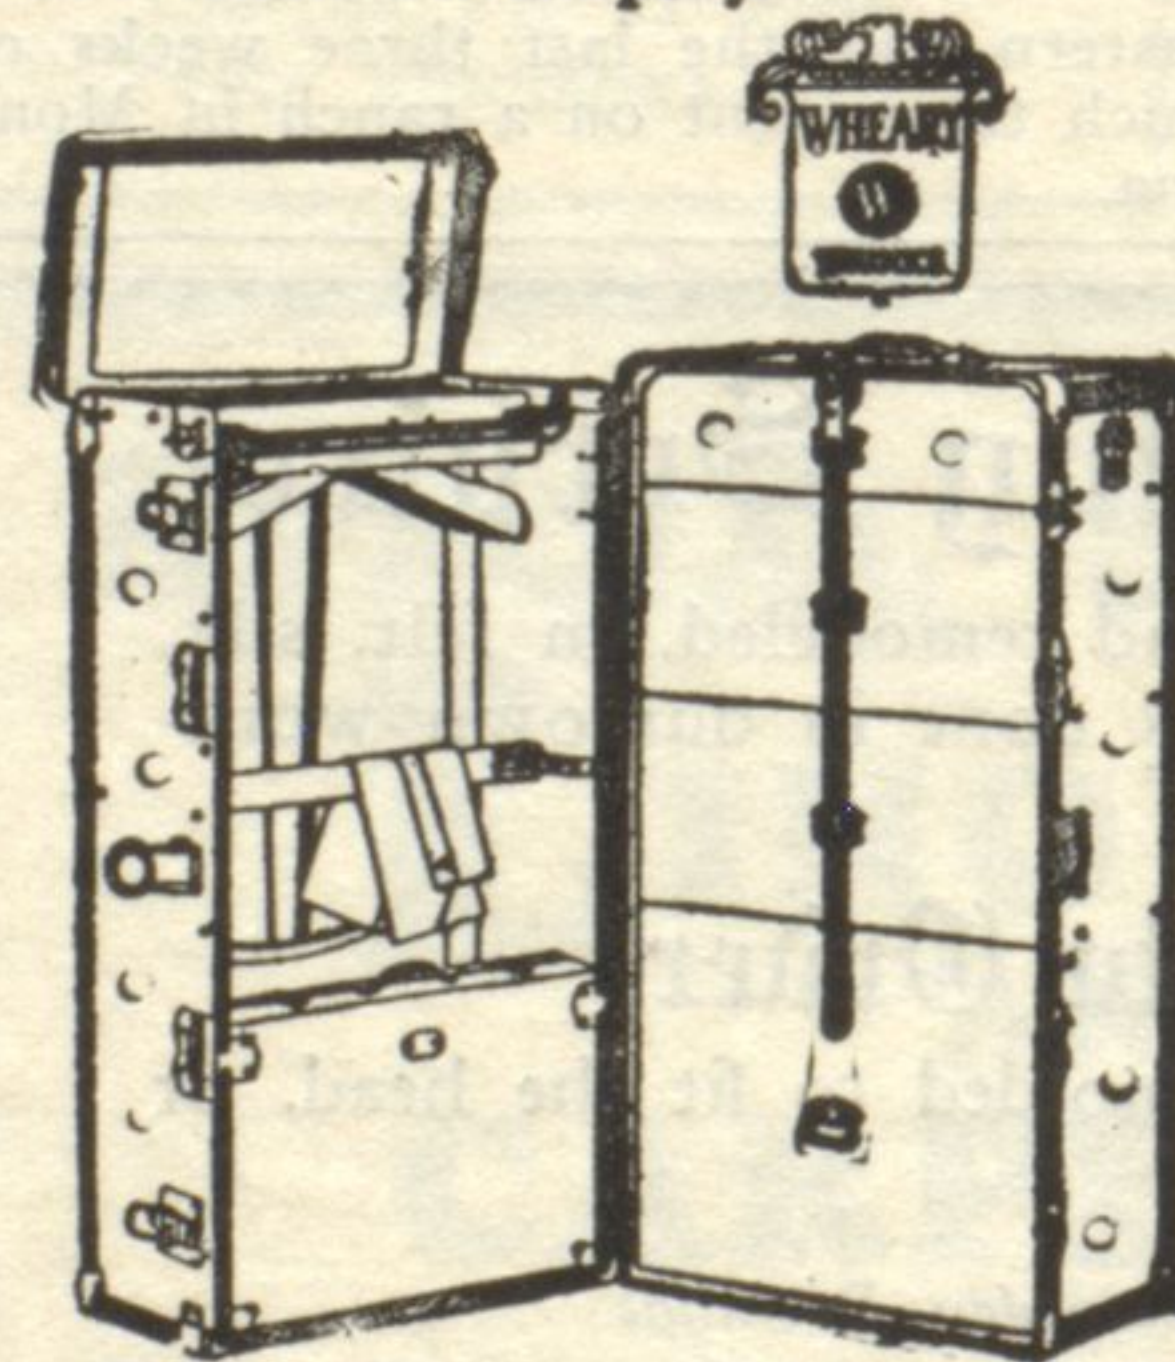

Get that WHEARY TRUNK for School or College Now!

WHEARY "Varsity" Special

.... AT SPECIAL PRICES

Smart, attractive wardrobe trunks with every luxury and convenience—real clothes protection—removable shoe box—combination dust curtain and laundry bag—Cushioned Top—hat carrier in large lower drawer. Sturdy and strong—these splendid trunks keep their handsome appearance despite hard usage. See them on display.
