

### September Is Sure to Be Record Month for Nash Company

The boom in automobile sales continues, when in other years there has been experienced at this time a sea-season let-up, according to O. S. Springer of the Suburban Nash Sales company of Winnetka.

"August was not only our greatest August but exceeded by over 4,000 cars the greatest month in Nash history," says Mr. Springer.

"During August we shipped to our

domestic and overseas dealers a total of 22,525 automobiles.

"September will be another record-breaking month. Orders already on file exceed the number of cars that we will be able to produce during September. Our New York distributor, the Warren-Nash Motor Corporation, heads the September order list as their orders alone for September shipment total 4545 cars, according to a report from our Kenosha plant.

### 5,000,000 Members Goal of American Red Cross

A total of \$25,240,000 was expended by the American Red Cross in its services in the United States and abroad in the year ending June 30, 1928, James B. Forgan, Jr., chairman of Chicago chapter reported to the sixty odd community chairmen of the Chicago area this week in an appeal for preparation for the twelfth annual roll call which opens on Armistice Day. Five million members are sought this year to carry on the mighty problem handled by the Red Cross.

Mr. Forgan expressed satisfaction with the preliminary work of roll call preparation saying "the people of the United States have come to appreciate the real work of the Red Cross—because when disaster rides the skies, there will be found the Red Cross. It has proven its worth in any emergency."

Mr. and Mrs. Francis Peabody Butler and family returned to their home on Private road last Sunday after spending the summer in the East. Hermon leaves again next Tuesday to attend Hotchkiss school this winter.

Mr. and Mrs. Spencer Beman and children returned September 6, to their home at 147 Birch street, from Estes Park, where they spent the summer.

### Hoover Booster

Photo by Toloff

Miss Jane Clover is vice chairman of the volunteer committee at Northwestern university which will rouse Hoover-Curtis enthusiasm among the students and help in getting them out to vote. Miss Clover with William Petridge, chairman, and a committee of representative students are part of a Hoover organization which will extend into all the universities of any size in the 29 states over which James W. Good of Evanston is manager.

### Postmaster Braun Gives Some Hints on Mailing Rules

There is a ruling of the post office department that parcels of the third and fourth class shall not contain letters or personal notes of any kind, yet it is necessary for employes receiving mail to be constantly on the alert to prevent the public from doing this very thing, according to Postmaster Joseph C. Braun.

When it is necessary that instructions or a message of some nature accompany the parcel, provision has been made by the post office department that the communication, bearing the required first class postage, may be attached to the parcel on which shall be placed the required postage at the third or fourth class rate, as the case may be.

That is the reason inquiry is made of senders if parcels contain any unpermissible written matter. Frequently it is discovered by the post office employes that such messages have been enclosed, whereupon the entire parcel is marked up at the first class rate.

Recent tests made at a selected post office disclosed that at least 30 percent of the parcels handled as third and fourth class matter contained letters, or personal notes, subjecting them to first-class rates, according to Postmaster Braun.

Mr. and Mrs. F. C. White and their daughter, Marian, of 809 Rosewood avenue, returned to Winnetka last Tuesday after spending several months on their farm at Brattleboro, Vt.

Mr. and Mrs. S. F. Bartlett and family have returned from their summer cottage on Sylvan Beach, Mich., and are at their home at 711 Sheridan road.
