

American Tourists Take Their Motors to Europe

Encouraged by the increased facilities and services offered for motor touring abroad, more Americans than ever before are taking their cars to Europe, and are visiting the far-famed spots of scenic and historic interest, under their own power, according to the Foreign Division of the American Automobile association, which acts as representative of the Alliance Internationale de Tourisme, composed of the leading touring clubs of this country and the old world.

Chandler is well represented in this newly aroused interest in foreign touring and practically every model can be seen on the highways of Europe. The A. A. A. confirms this from applications received for touring credentials and to make arrangements for trips abroad during the motor vacation season of 1929.

Those contemplating to take their own cars abroad or to see Europe by motor will find greatly improved services at their command, resulting largely from continued study of motoring conditions by A. A. A. representatives and those of foreign governments, says the Foreign Division.

Sales of the new 1929 Chandlers are the greatest in the history of the company, according to F. C. Chandler, president of the Chandler Motor Car company. Orders are being received in such volume that the Chandler plants are working on a day and night schedule to keep pace with the sales increases, said Mr. Chandler.

Art Theatre Postpones Winnetka Performances

The Chicago Art theatre announces cancellation of its summer season in Winnetka.

The business manager of the company gives out the following statement: "September proved to be such a poor choice for performances on the north shore—coming as it does between seasons—that it has been deemed advisable to cancel the remaining dates and bring the scheduled productions to Winnetka during the winter months."

When the Chicago Art theatre company returns to the north shore again it is probable that in addition to its regular repertoire it will also bring several new productions now in rehearsal.

RETURNS TO COLLEGE

Miss Harriet Mons, 157 Woodstock avenue, Kenilworth left Sunday, September 10 for Granville, Ohio to enter her sophomore year at Denison university. She will not return to Kenilworth until the Christmas holidays as she is planning to spend the Thanksgiving week-end with friends in Cleveland.
