WINNETKA 2

Weds in England

Announcement of a wedding which took place abroad, July 18, which just has been revealed, is that of Miss Isabel Larson, daughter of Mr. and Mrs. Anselm Larson of 554 Lincoln avenue, and Frederick Dietz of South Shields, Durham, England. Miss Larson and her mother returned to their old home in South Shields this summer and the marriage took place there. The bride returned to Winnetka three weeks ago, and Mr. Dietz, who is in business in South Shields, will join his bride in the early spring.

Miss Carol and Miss Joyce Whitman, daughters of Mr. and Mrs. Roland D. Whitman of 640 Hill road, left Thursday for Wellesley college, the former to enter her senior year, the latter, her sophomore.

Sheldon Repeats as Net Champion of North Shore

Kenneth McLain and Francis O'Brien, of the Winnetka Tennis club, won the doubles honors in the New Trier tennis tournament last week by defeating Dave Kram and Ed Lange in the final match. Kram and Lange made the winners go five sets to win. The scores were 6-4, 1-6, 6-3, 3-6, 6-4. McLain and O'Brien won their way to the finals by defeating Holter-Fleming, Kahler-Snyder, and Simmons-Nelson.

John Sheldon, winner of last year's singles tournament, again copped the honors in the junior singles division, when Bob Stewart, Florida state champion, who was to meet him in the finals, defaulted. Stewart returned to Florida before the tournament was completed.

In the senior singles Dave Kram has reached the semi-finals by beating A. Seddon 7-5, 2-6, 6-1. He will play R. Whitsett for the right to meet Holter in the finals. Holter became a finalist when Sheldon, favorite to win, defaulted by leaving for Dartmouth to resume his school work.

The winner in the junior singles and senior singles tournaments will be presented with a tennis racquet. Runners-up in the singles matches and the winners of the doubles tournament will receive tennis racquet frames. These prizes will be purchased from an entrance fee fund, collected from those who took part in the tournaments.
