

New Trier Student Roster to Surpass 1700 Mark, Report

Enrollment at New Trier Township High school had reached 1,678 by Tuesday noon of this week. With thirty-three more students expected to register late, the enrollment will pass the 1,700 mark. This is about the normal increase for the school as a whole, according to Wesley L. Brown, director of research at the high school, although the freshman class is not as large as last year.

The number of students in each class is: Freshman, 468; sophomore, 470; junior, 405 and senior, 335. At present the boys outnumber the girls by a scant margin, 840 to 838. However, of the 33 intending to enroll later, 21 are girls and 12 are boys, which will throw the balance in the girls' favor. The fact that there are so many boys is rather unusual, according to Mr. Brown.

Mallinckrodt High School Opens for 1928-1929 Term

Classes at the Mallinckrodt High school were resumed Monday morning, September 10. School was opened with a High Mass, celebrated in the chapel. Increased enrollment in both the academic and commercial departments made necessary the opening of three more classrooms and the addition of more teachers. There was a large increase in Freshman registration. Dramatic and athletic activities at the high school were resumed this week.

Mrs. Godfrey H. Atkin, 12 Indian Hill road, has gone east to put her daughter, Adelaide, in school at Dobbs Ferry. Mr. Atkin will join her later in the month for a short visit at Old Port Comfort, Va.

Arrange to Observe American Indian Day

Plans for the celebration of American Indian day Friday, September 28 were announced recently by Marion E. Gridley, secretary of the Grand Council Fire of American Indians. Special exercises will be held in all schools. Illinois radio stations, historical societies, libraries, clubs and churches have been asked to prepare special programs. American Indian day was set aside in 1919 by the Illinois General assembly as the fourth Friday in September in order to recognize appropriately the first inhabitants of America.

Camp Fire Girls Group on General Hike Today

Camp Fire Girls are to have a general hike this morning, meeting at Community House at 9:30 o'clock. Mrs. Winscott's and Miss Katherine Adams' group had a beach supper last Wednesday afternoon and made plans for the year's work. All groups are planning to meet regularly each Wednesday afternoon in Community House. Any girl 11 years of age or over is eligible to join Camp Fire. As it is important that they start work as early as possible, all girls wishing to join are asked to communicate with or see Mrs. Wortley, general chairman, at Community House as soon as possible.

AT CLASS HOUSE PARTY

The Junior class at the North Shore Country Day school is being entertained at a houseparty this week given by Mr. and Mrs. Henry Kitchell Webster at their home on the Rock river near Oregon, Ill., for their son, Stockley. The class included about twenty boys and girls, most of them from Winnetka and along the north shore.

Shureput—A Blue Ribbon Gelding

Shureput, the four year old black gelding shown above, under the guiding hand of his new owner, Mary Jane Cresmer, 12 year old daughter of William T. Cresmer, 542 Longwood avenue, Glencoe, won first prize in the children's jumping class at the recent horse show at the Palatine fair.

He also carried off further honors by winning second in the children's riding class; third, in the three-gaited saddle class and fourth in the pair horse class. Shureput also won first place in the children's riding class at Indian Hill a short time ago.

Shureput was purchased a short time before the Palatine fair by Mr. Cresmer from John Hartnett, of 437 Chestnut street, Winnetka, who trained the gelding and who also entered him in the Palatine show.

Mr. Cresmer owns a 340,000 acre ranch at Vermejo, N. M. Here the Cresmers spend their summers and here Mary Jane Cresmer, the new owner of Shureput, is as much at home in the saddle of the most spirited broncho as she is in the comfortable cushions of the family car. She was instructed in the art of English riding by Mr. Hartnett and is now equally adept in handling her new mount, as evidenced by her record at Palatine, where there was a long list of experienced riders over which she won first honors.

FOR A VACATION DIFFERENT RESTFUL—INVIGORATING—

Come to Los Cerros!

In all the world there is nothing quite like the New Mexico Rockies in the autumn. The air is so crystal clear that mountains a hundred miles away loom up purple on the horizon. The sunshine is strong and warm from a sky that seldom shows a cloud. The nights are crisp as mountain nights can be, but without moisture to make frost. Aspens in the high places, cottonwoods along the bottom lands, are flaring in golden color. Every day is new and different and wonderful. And from Los Cerros, once a Spanish rancho, now a modern resort, you can play and ride and motor through these brilliant days—returning to open fires, a splendid table, and the comforts of a good hotel. May we send an illustrated booklet? Or will you ask for it at the Marshall Field Travel Bureau or The Ask Mr. Foster Service?

Tutoring School Opens in Winnetka Next Week

The North Shore School of Concentration will open Tuesday, September 25, at Suite 202, 544 Chestnut street, Winnetka. The school, a preparatory and tutoring enterprise for boys and girls of high school age, is under the direction of B. F. Anderson Swedelius and Grace Sercomb. Mr. Anderson Swedelius has a doctor's degree from Columbia university and Miss Sercomb has a B. A. from Barnard college, Columbia university, and a teacher's certificate from Teacher's college at Columbia. Both have had years of successful work in teaching and tutoring. Requirements for eastern schools and colleges are to be fully met by the courses offered.

REVIEWS BOOK

Members of the Little Reading group met for luncheon with Mrs. Theodore Coyne, 597 Provident avenue, Winnetka, Friday, September 14. In the afternoon Miss Rutheda L. Pretzel of Glencoe gave a review of "The Closed Garden" by Julian Green.

Kenilworth Pastor Attends Ministers' Meeting at Racine

Dr. Herbert L. Willett, pastor of the Kenilworth Union church, attended a retreat of ministers of the Disciples of Christ churches in the Chicago area at Racine, Wis., Thursday and Friday of this week. Dr. Willett was scheduled to give three addresses on devotional topics. He was to speak on "The Prophetic Function of the Minister," "The Priestly Function of the Minister," and "The Minister as a Leader of Public Thought."

The two-day retreat is being given over to devotions, conferences, and recreation. The conference periods deal with problems relating to local churches as well as plans for inter-church co-operation. Between twenty-five and thirty ministers were expected to attend the retreat.
