Mayor Bartlett Elected Municipal League Head

By action which came from the floor of the convention Mayor Charles H. Bartlett was elected president of the

Mayor Bartlett

Illinois Municipal league at its fifteenth annual session held in Joliet last week. The delegates went over the heads of their committee members and nominated and elected the Evanston executive. The outstanding result of the discussion and the addresses on the convention program, according to Mayor Bartlett, was the strengthening of the sentiment that city officials should play an important part in influencing state legislation. These officials, he pointed out, are in close daily contact with the people and know their needs and wishes.

A resolution presented by the mayor on behalf of the Evanston Chamber of Commerce calling for legislation dealing with dangerous subnormals was passed by the league.

Four hundred delegates attended from all parts of Illinois. The place of next year's meeting has not yet been selected.

Gould Davies, son of Dr. and Mrs. J. W. F. Davies of 652 Lincoln avenue, left recently to attend the Blue Ridge school, at Hendersonville, N. C.

Miss Virginia MacLeish, daughter of Mr. and Mrs. John MacLeish of 535 Ash street, will return Sunday to Smith college for her senior year.

Red Cross Pleads for Contributions to Hurricane Area

There is immediate need for relief in the West Indies following the devastating hurricane of last week, and the American National Red Cross has appealed for voluntary contributions to the relief program, according to James B. Forgan, Jr., chairman of Chicago chapter, of the Red Cross.

"The Red Cross has given \$50,000 and dispatched expert disaster relief workers to Porto Rico," Mr. Forgan said. "Tons of foodstuffs, clothing and supplies have also been shipped to the islands. However, this is only a small start since the preliminary survey made in the islands show need of a large relief fund such as has been the heavy losses in life and property."

President Coolidge Saturday requested that the Red Cross take charge of the relief program in the islands and at the same time placed at the organization's disposal any and all naval craft necessary to transport workers and supplies to the relief of the sufferers.

Contributions to the relief fund should be sent to Chicago chapter, American National Red Cross, 616 S. Michigan avenue, Mr. Forgan said. They will then be transferred to Washington in a lump sum.

Sir Tilly is the British ambassador to Tokyo. They were passing through Chicago on their way to their new post.
