How is Your Furnace?

Is it in good working condition—all ready for the winter? Now is the time to have it cleaned and repaired if you have not already done so.

Our Service Department can give you valuable advice about the care of your furnace, proper size and grade of fuel to burn, etc. We will gladly send a service man to examine your heater without cost or obligation on your part.

Write or phone for our *free* booklet, "Getting the Most Out of Your Coal Pile."
