

Vista del Lago to Reorganize if Plan Gets Members' O. K.

Announcement of a proposed plan for a complete reorganization of the Vista del Lago club was made this week by the board of governors and the board of directors of the club. The purpose of the contemplated reorganization, it is said, is to place the club on a firm financial basis.

The chief features of the new plan, as outlined in a bulletin issued by the governing boards of the club this week, are as follows:

1. The keystone of the plan is to give each member an interest in the club and in its property. There are certain outstanding stock interests in the old club which will be adjusted under the proposed plan by the giving of preferred stock.

2. All memberships will be equalized at a price of \$600.00. This is the amount that a larger portion of the present members paid for their respective memberships. All members who paid in excess of this amount for their memberships will receive one share of preferred stock for each \$100.00 of excess.

3. The membership of the club will be limited to one thousand. There are now approximately seven hundred members.

It is contemplated that within the near future, the board of directors will appoint a nominating committee for the purpose of nominating officers and additional directors to serve the club during the coming year. A special meeting of the members will be called as soon as possible thereafter for the election of officers and directors, it was announced.

Wheeler Sammons, W. H. Anderson, Charles C. Dawes, William Oeden Coleman, and T. E. Murchison were on the committee which drew up the reorganization plan.

Carter's Underwear

AT this season everyone is giving some thought to the selection of comfortable underwear; perhaps the mother is the one who is most interested.

Let us help her decide what her child shall wear:

The child who feels the cold most keenly requires a long or elbow sleeve, ankle-length garment, while the more robust sister or brother will feel quite comfortable in a knee-length garment without sleeves, and the little miss who goes to parties, will want a straight top garment.

Any style of union suit, vests or drawers, may be had in cotton, wool and silk and wool mixture.

Let us furnish the entire family with underwear this fall. We know just what you will want and our stocks are prepared accordingly.
