IT IS the right of every child to learn the lesson of the importance of foot-health. For although it is one of the most pleasant of all lessons, it is too often neglected.

Pool & Piper Shoes—for the growing child—"teach" to flexible young feet the correct formative principles that are the necessary basis of foot comfort and freedom in all the later years of life.

Open Two-Hour Limited Service on Skokie Line

Inauguration of two-hour limited service between the Chicago Loop and downtown Milwaukee via the Skokie Valley route, and the addition of four new trains to the regular Chicago-Milwaukee limited service, are features of the new operating schedule of the Chicago, North Shore and Milwaukee railroad which goes into effect with the ending of daylight saving time Sunday, September 30.

This new high-speed passenger service between Chicago and Milwaukee is established by operating trains without stop between Kenosha, Wis., and Dempster street, Niles Center. Four limiteds will operate under this new non-stop schedule, making all regular stops in Chicago and also receiving passengers at Racine. Two of the new limiteds will make all regular stops en route, including Waukegan and North Chicago Junction.

Wilmette Man Heads New Advertising Business

Evan Leslie Ellis, 100 Broadway, Wilmette, for a number of years associated with two of State street's foremost stores as advertising director, recently resigned in order to open his own business in the North American building. Mr. Ellis is now president of the advertising and sales counsel service bearing his name.

Before coming to Chicago Mr. Ellis was for five years advertising director of Stern Brothers Department store, New York City, and was at one time located in California.

Mrs. Nuel D. Belnap, 1422 Asbury avenue, entertained fifty guests Friday, September 21, at Sunset Ridge Golf club at luncheon and bridge.

Elizabeth Van Horne, 757 Locust street, invited twenty of her little friends to celebrate her third birthday Tuesday afternoon.

Former Glencoe Teacher Directs Aid Society Work

Mrs. Edith M. Fogg has been appointed by the Illinois Children's Home and Aid society as superintendent of its training school for girls in Vermilion county, near Potomac.

Mrs. Fogg taught for a number of years in the Glencoe public schools; last year did special work for retarded children in the Highland Park schools, and for seven years has been especially interested in girls and their activities as Camp Fire Guardian.

The school of which Mrs. Fogg will be superintendent is for the intensive vocational training of girls who are vocationally trained and need special preparation for family life.

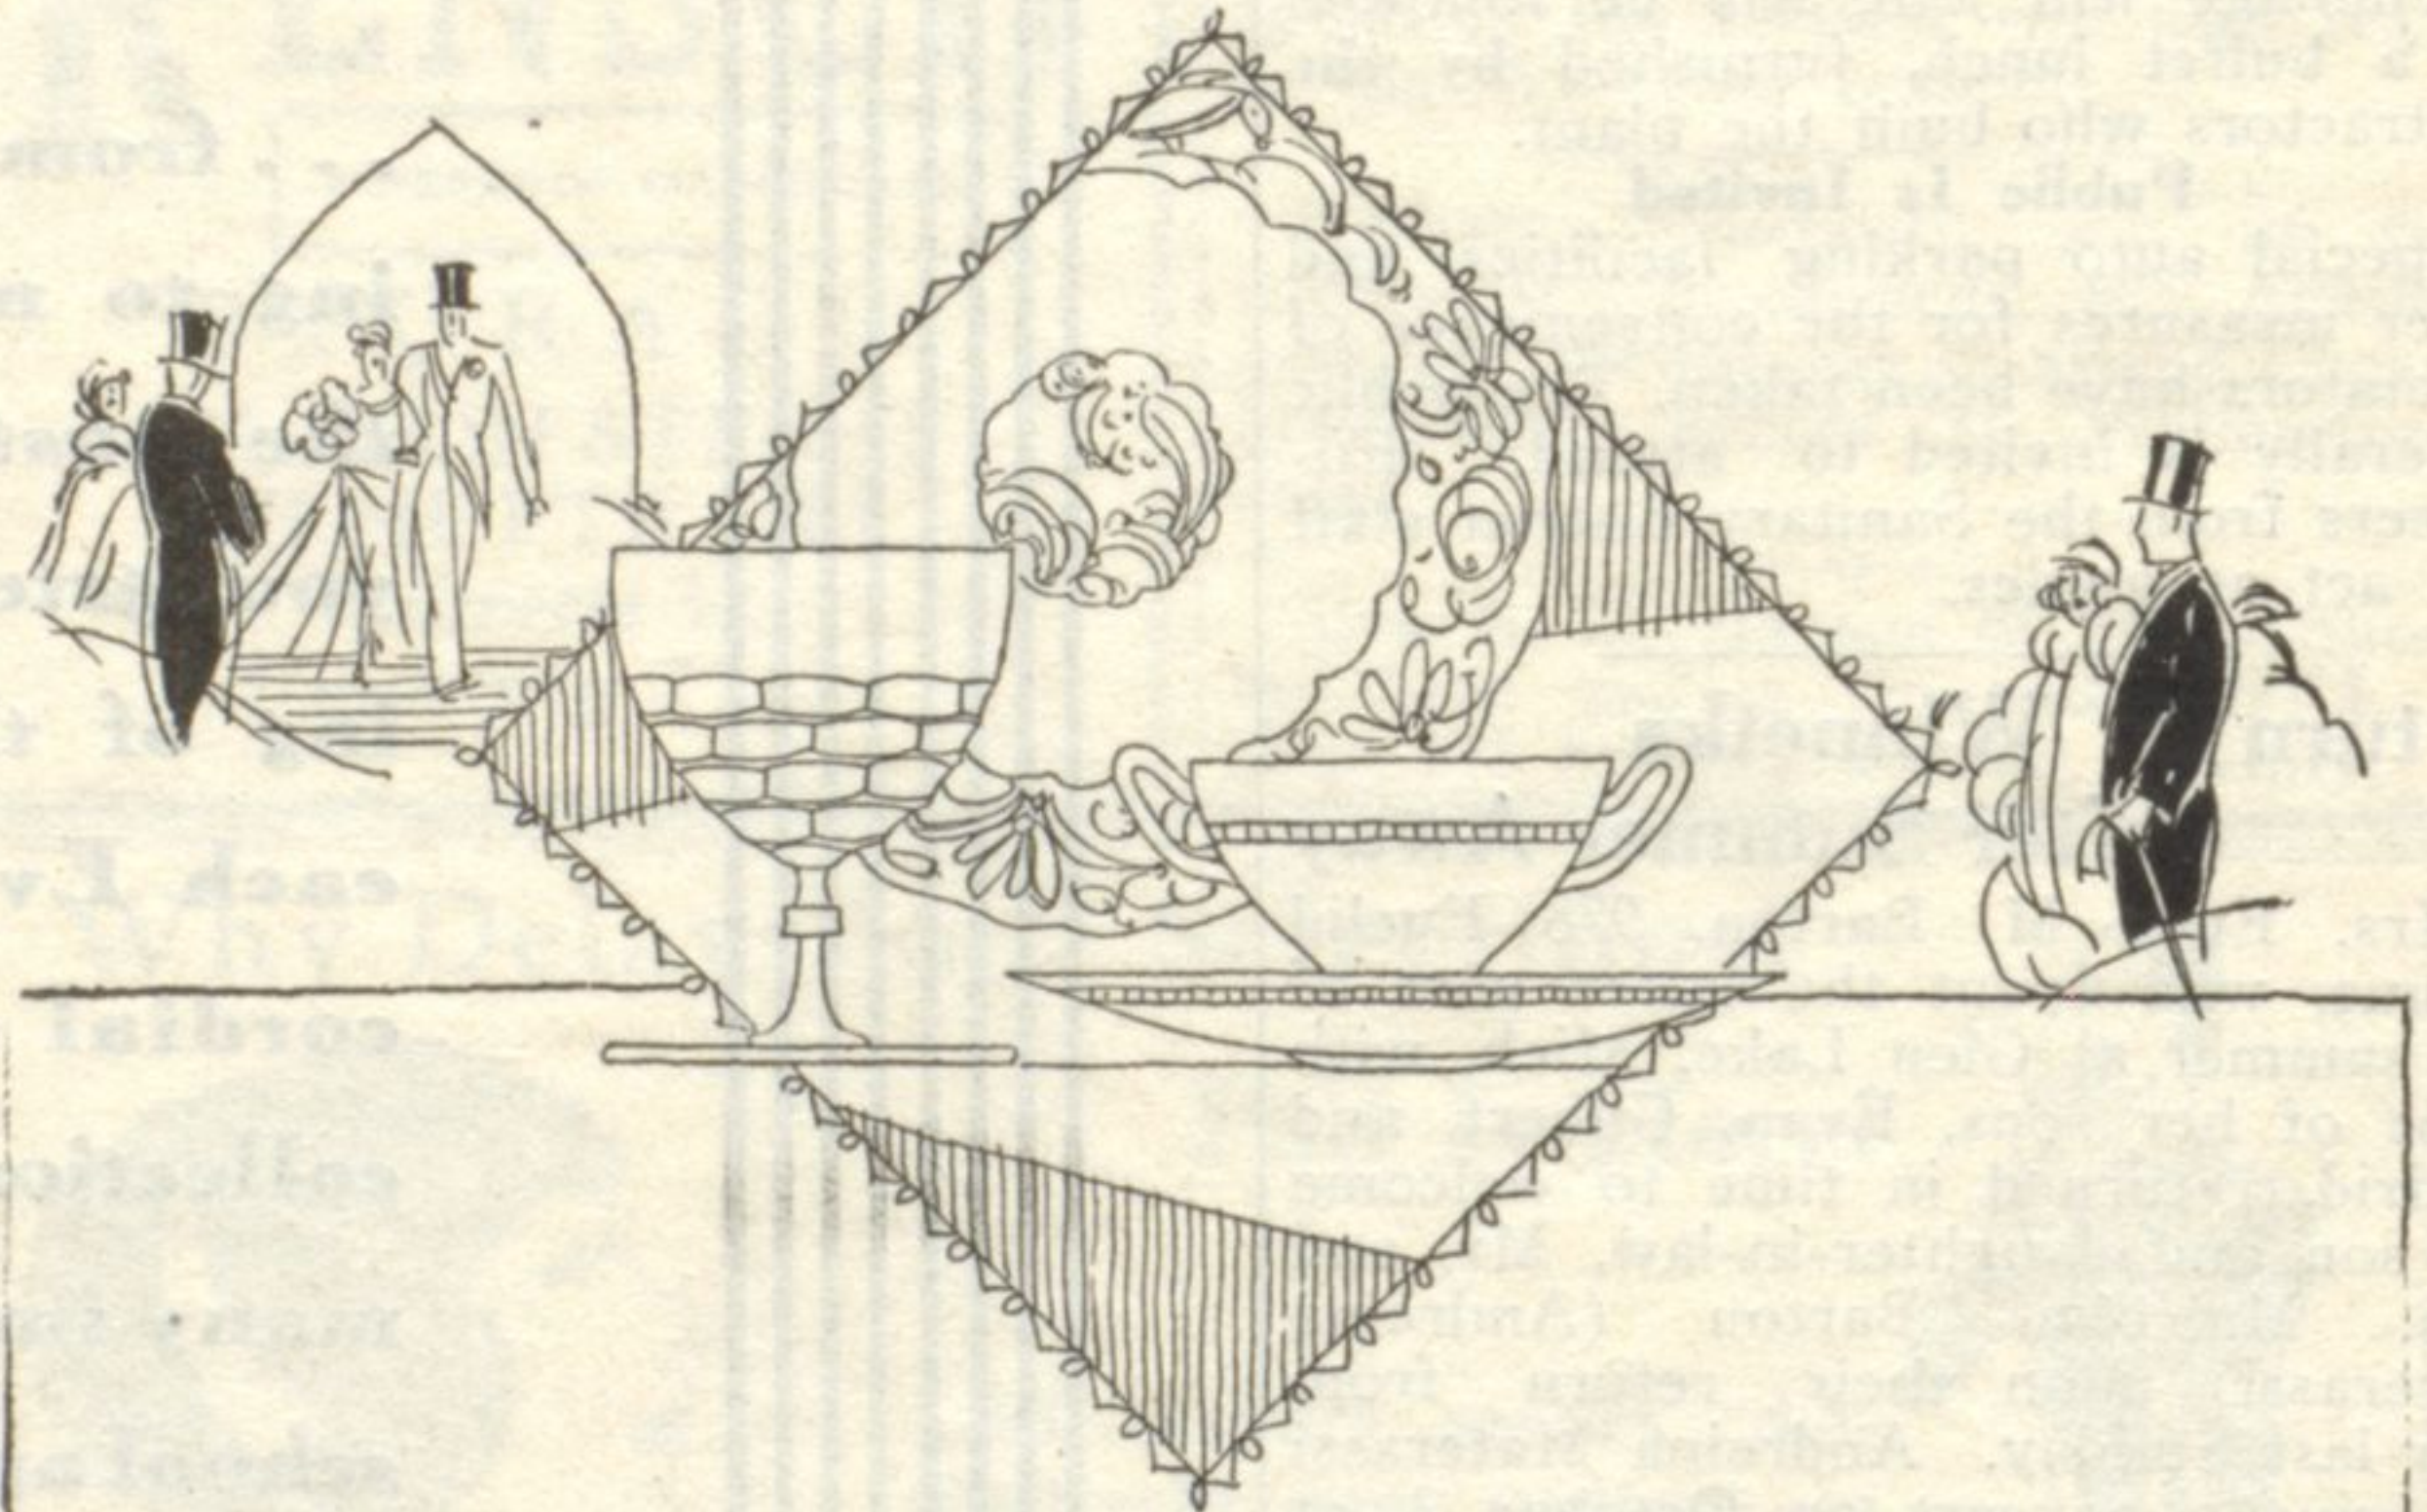

In addition to the common school work, a faculty is maintained for the purpose of training girls in the problems of home making.

These girls are received from various parts of the state. Some of them have been shamefully neglected. They are not delinquent, but owing to the fact that they have not received normal advantages in training, this special provision has been made for them by the society. Many of the girls who have been admitted to the school have had this great yearning for opportunity which has been denied them in their own locality, and a great many of the graduates of the school are occupying positions of trust and responsibility because of the training they have received in that institution.

Mrs. Fogg will begin her duties at the training school October 6.

George Everitt, Jr., son of Mr. and Mrs. George Everitt, 1035 Dinsmore road, was host to fifty young friends Saturday, September 22, at the Sunset Ridge Country club at a dancing party.

Mrs. Ben. Q. Tufts, 449 Sunset road, is at home after a two weeks motor trip through Massachusetts, New Hampshire and Maine.
