

St. Francis Group to Celebrate Its First Birthday by a Party

The Foundation for St. Francis hospital, the enterprising group of women of many organizations who are working for St. Francis hospital, will observe its first anniversary on the Feast of St. Francis day, Thursday, Oct. 4. A card party, open to the public, has been arranged for the day to raise funds for the Foundation's activities.

It will be a bridge luncheon to be held at the Evanston hotel starting at 12:30. Mrs. Napoleon Picard as chairman of the ways and means committee is in charge of the affair and announces that reservations will be received at the Evanston hotel on and before Monday, Oct. 1. Checks should be mailed to her at 7532 N. Robey avenue, Chicago.

Patronesses for the event are members of the board of directors and are: Mrs. Frank Jones of Evanston, president; Mrs. A. J. Smith of Evanston, first vice president; Mrs. George Kearney of Evanston, second vice president; Mrs. C. A. Bunte of Wilmette, third vice president; Mrs. J. F. Burns of Winnetka, recording secretary; Mrs. C. W. Gebhard of Evanston, corresponding secretary; Mrs. John Boylston of Wilmette, treasurer; Mrs. W. F. Brown of Winnetka, publicity; Mrs. N. P. The St. Francis foundation was organized a year ago to unite the supporters of the hospital. It pledged itself to the furnishing of the new emergency department and during the year held a benefit festival. Report made to the board last week showed that the festival netted the hospital \$2,000. One large event will be planned for this year as the Foundation is promising to call on its friends and the public only once a year to aid in the work.

Organizations affiliated with the Foundation, having their presidents on the advisory board, include: The Evanston Catholic Woman's club, the Woman's Catholic Club of Wilmette; the North Shore Catholic Woman's league; the Auxiliary of St. Francis hospital; St. Francis hospital medical staff; Newman council, Knights of Columbus; Glenola club; Evanston branch of the Daughters of America and Columbian Golf club.

Label College Students Via Photograph Method

Five hundred students starting the new school year at the National Kindergarten and Elementary college, will be photographed and will have their hand-writing photographed as part of the registration procedure. Miss Mabel Kearns, secretary of the college, has installed a special camera this year for photographing the students, and these photographs will be placed at the disposal of the teachers and will aid them in connecting names and faces of students in their classes. The photos will also be used for reference by the position bureau in placing teachers.
