

Muenzer Trio Opens Chamber Music Year Sunday, November 4

The North Shore Chamber Music association, of which Mrs. Percy B. Eckhart of Wilmette is president, has announced the series of Chamber Music concerts which have been arranged for this season.

The Muenzer trio will open the program on Sunday, November 4, at the Kenilworth Assembly hall. The second attraction of the season will be Amy Neill's stringed quartet on Sunday, January 13. The Muenzer trio will return on March 3, for the second appearance of the season.

The Barere Wood Wind ensemble, which will make its first appearance in this vicinity, will close the series on April 14. This ensemble is well-known in the East, particularly in New York City, but is not as well known in this part of the country because it has appeared few times outside of New York.

The subscriptions to the concerts are sold in the form of coupon tickets which are good for any date. They may be exchanged for each concert or they may all be exchanged for one musicale.

The other officers of the committee in addition to the president, Mrs. Eckhart, are Walter Marx, treasurer, and Mrs. A. B. Spach, secretary.

Mrs. John See who has been visiting her sister, Mrs. Charles Dunlap, 992 Elm street, has returned to her home in Cheyenne, Wyo.

EYE VALUE IN PERSONALITY

Glasses So Designed as Not to Detract
Simplicity the Keynote

This explains the vogue of rimless glasses. Heavy rims detract attention from the eye. Hence the rimless shapes: Puritan, Oval, Colonial or Leaf are favored for formal and for street wear.

Of these, perhaps the smartest, the one most enhancing to youthful appearance, is the Almer Coe and Company's exclusive Puritan Design, a graceful rimless shape designed on new principles for correct eye range and harmony with facial contour.
