

Winnetka Student Has Prominent Role in Drinkwater Play

Frank McGlynn, the obscure actor who leaped to international fame in 1919 when he appeared as Abraham Lincoln in John Drinkwater's epochal drama of that name, will return to his beloved role October 5 and 6 when he heads the cast which will present the historic play in the Knox College theater at Galesburg. This presentation will be the first in which other than professional actors appear. All parts other than the lead will be played by members of the Knox College players.

Dan Stilling of Winnetka, a junior at Knox, is playing the part of General Grant. Betty Bennett of Des Plaines, a recent graduate, is portraying Mrs. Lincoln. Wade Arnold, a senior of last year, is coming from Tulsa, Okla., to play the Chronicle. Benton Bull of Chicago, a junior, will represent Secretary Stanton. Harper Andrews of Kewanee, a senior, plays Gideon Wells. The part of Custis, Lincoln's negro servant, will be taken by George Willett of Tulsa, Okla., a senior. Lila Eccles Brimhall of Salt Lake City will play a feminine role. Nathan Jereald of Springfield is playing Scott.

"Abraham Lincoln" is being produced under the direction of Prof. Clarence L. Menser, formerly head of The Little Theater in Salt Lake City, who has given creditable preformances of such plays as Shaw's "Pygmalion" and "Devil's Disciple"; Langdon Mitchell's "The New York Idea"; St. John Ervine's "John Ferguson"; Owen Davis' "Ice Bound"; John Masefield's "Tragedy of Nan"; Pintero's "The Second Mrs. Tanqueray"; George Kelly's "The Show Off"; Hatcher Hughes' "Hell Bent for Heaven"; and Frederick Lonsdale's "The Last of Mrs. Cheney." The Knox Players have appeared in these and other plays in Chicago, Quincy, Peoria, Kewanee, Princeton, and Burlington, Ia., as well as in the Knox College Theater.

Need \$5,000,000 Relief Fund for Hurricane Area

More than 5,000 workers representative of the Chicago Association of Commerce, the American Legion, the Legion Auxiliary and the Red Cross, are striving this week to complete Chicago's quota of \$300,000 for the Red Cross West Indies-Florida Hurricane Relief fund, according to James B. Forgan, Jr., Red Cross chairman in the Chicago area.

The Chicago area drive is augmented by aid of every radio broadcasting station. During the first week of the drive slightly more than \$133,000 was raised.

President Coolidge, after reviewing reports of his personal investigators and of the Red Cross has caused the following appeal to be broadcast urging the people of the nation to heed the appeals of the storm sufferers:

"As President of the United States and as President of the American Red Cross, I urge our people to contribute promptly and most generously so that suffering among the many thousands of the West Indies and Florida may be alleviated. I have asked the American Red Cross to assume the task of rendering aid, acting as the agent of the people and all contributions should be forwarded to your nearest local Red Cross chapter or to the Chicago Association of Commerce.

(Signed) Calvin Coolidge."

Latest reports from the islands and Florida show the relief and rehabilitation operation to be the largest ever handled by the Red Cross and at least \$5,000,000 will be necessary to accomplish the task.

Guy S. Osborn of 330 Cumnor road, Kenilworth took an airplane trip to De Moines, Iowa, and back this week.

North Shore Line Again Takes High Speed Prize

The Chicago, North Shore and Milwaukee railroad for the second successive year holds international honors as the fastest interurban electric railroad in North America. This record was established late last week with the awarding of the Electric Traction Speed Trophy to the "Road of Service" at the 47th annual convention of the American Electric Railway association at Cleveland. The trophy was also won by the North Shore Line last year.

Official records based on operations during the past year show that the North Shore line leads all other interurban electric railroads both in elapsed and running time. Trains operating over 87.19 miles of track between Chicago and Milwaukee established records of 53.9 miles an hour, not including stops, and 41.8 miles an hour, including fourteen regular schedule stops.

Presentation of the speed trophy was made by the committee on awards to John R. Blackhall, general manager of the North Shore line.

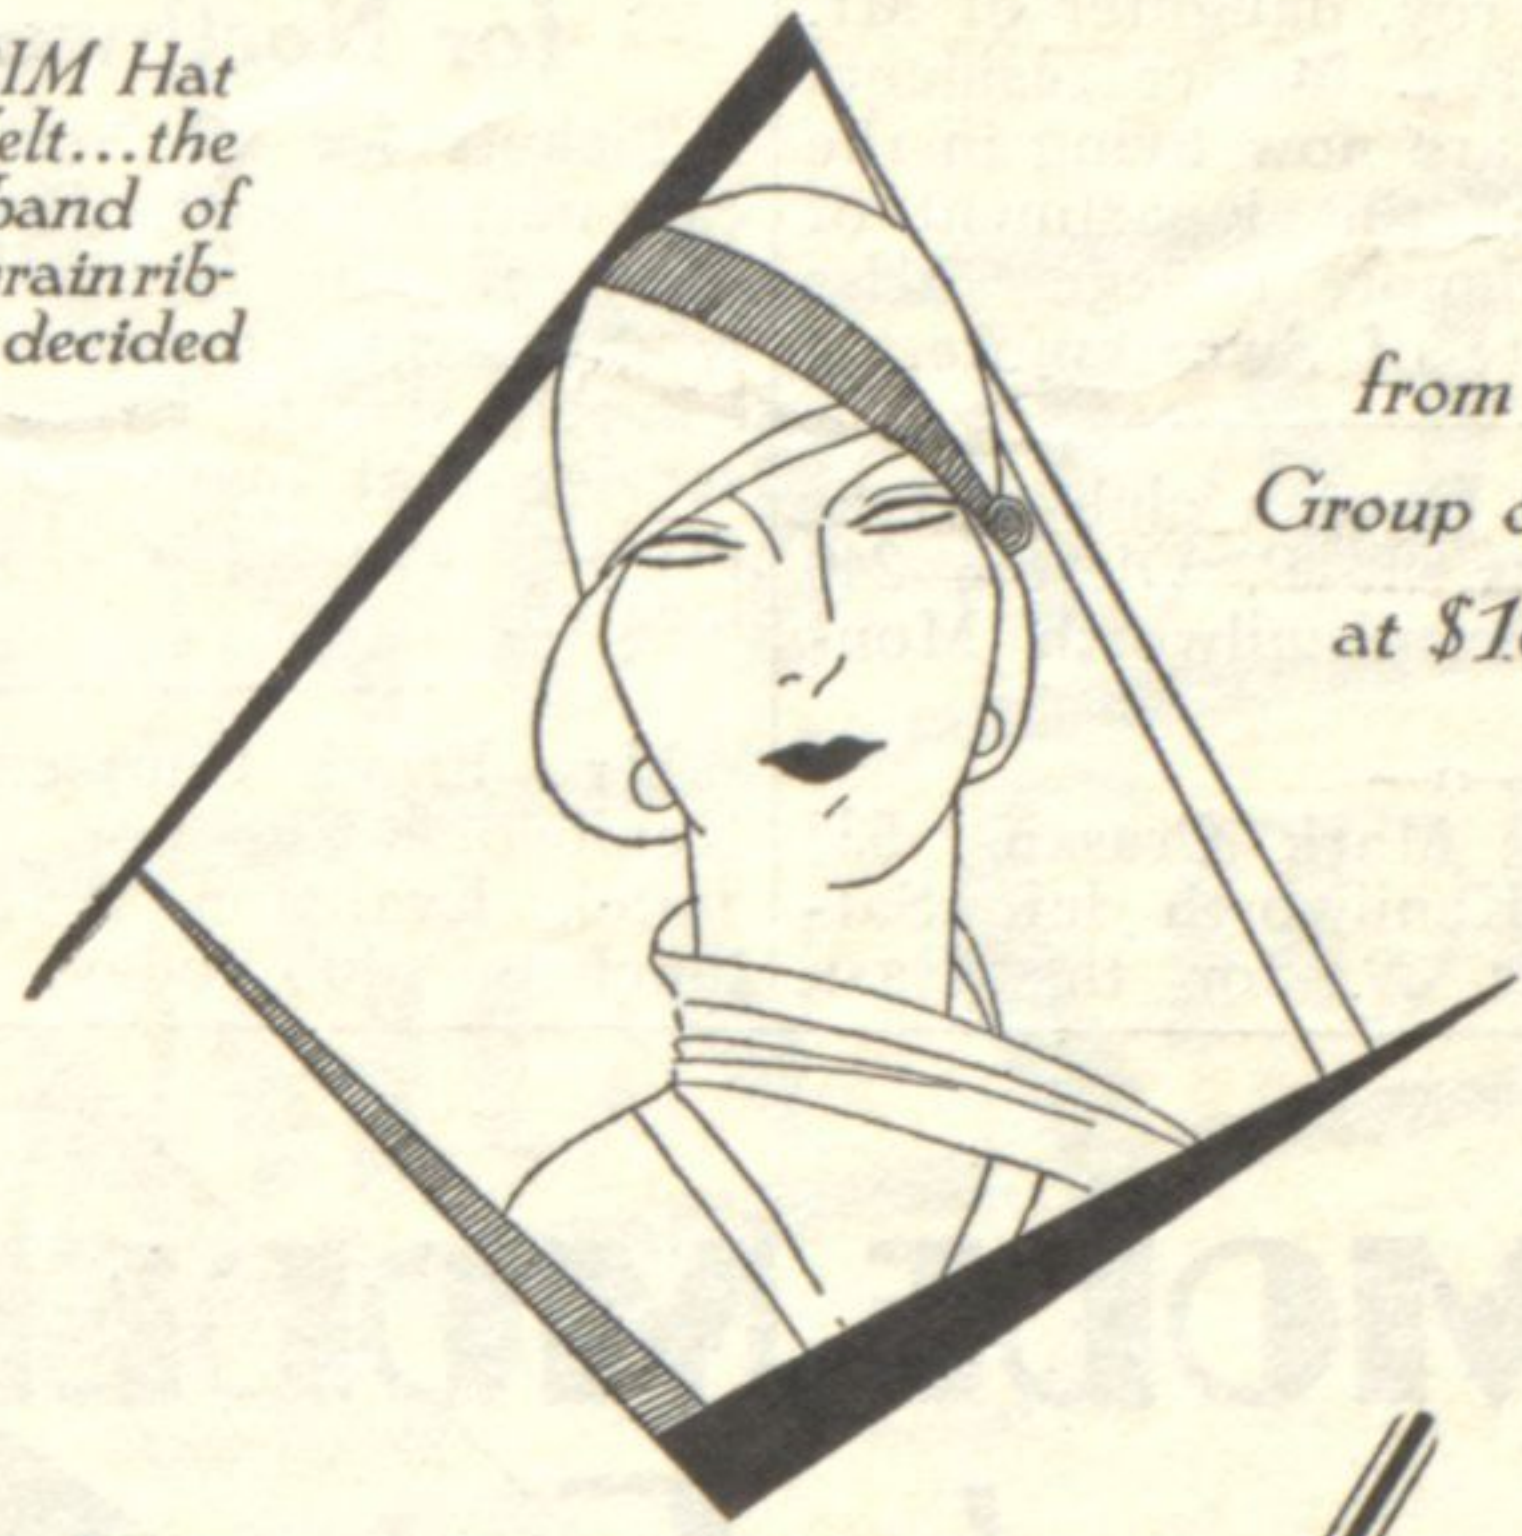

ANNOUNCE GOLF PROGRAM

Prizes will be awarded to the low two-man team which takes the honors in the play at the North Shore Golf club Saturday, October 6. There will also be Ball Sweepstakes, equally divided among Classes A, B, C, and D, on the official program this Saturday. Sunday's program will include a Mixed Ball foursome, blind bogey event.

MOVE TO EVANSTON

Mr. and Mrs. George Moody, who have occupied the Carl Apelt home at 124 Robsart road, Kenilworth during the summer are now at the Homestead in Evanston. Mr. Moody has purchased a lot on Ingleside place in Evanston and will build in the spring.
