

Union Is Unanimous in Endorsement of World's Fair

Every state in the Union; more than half of Europe, and virtually all of South America have received the message of Chicago's Centennial Celebration and have reacted favorably. Japan has already appropriated an initial fund of \$3,000,000. Canada through her newspapers has declared herself ready to go, and the Philippines are preparing for their exhibit.

More than 1,000 posters have been received in the contest to design the official poster for the coming World's Fair. Artists from all over the world have entered the competition, and this has been the particular means whereby the big news has been conveyed through Europe.

Newspapers and art magazines set forth the project to such good effect that nearly every nation in Europe is on the qui vive. Returning travelers report that they are queried everywhere regarding the Centennial.

South America sees in the coming World's Fair the great opportunity for establishing new industrial and trade relations with the world in general and the United States in particular. And William A. Reid, foreign trade advisor of the Pan American Union, writes:

"If the Pan American Union can be of service to you at any time, please do not hesitate to let it be known."

With the Enrollment campaign rapidly drawing to its close, more than 1,300 employes of the Chicago, North Shore and Milwaukee railroad have contributed \$5 each to the fund and become members of the World's Fair Legion.

Unqualified support for the Centennial has been pledged by the associated laundrymen and their 25,000 employes are being enrolled as rapidly as the various plants can be visited.

Many thousands more in the automobile and subsidiary industries are voting "yes" with five dollar bills, and Stuyvesant Peabody, chairman of the Enrollment campaign, wears the smile that won't come off.

OPEN NEW STORE

Austin Tetcham and company, Inc., has opened a new store at 930 Spanish court, Wilmette. The concern will sell a complete line of interior furnishings and decorations.

GIRLS PLAN HIKE

October 19 is the date set for an overnight hike by the Girl Scouts of Joseph Sears school, Kenilworth.

Christian Science

"Christian Science" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, Sunday, September 30.

The golden Text was from Isaiah 52:7, "How beautiful upon the mountains are the feet of him that bringeth good tidings, that publisheth peace; that bringeth good tidings of good, that publisheth salvation; that saith unto Zion, Thy God reigneth!"

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "For this is the covenant that I will make with the house of Israel after those days, saith the Lord; I will put my laws into their mind, and write them in their hearts. . . . And they shall not teach every man his neighbor, and every man his brother, saying, Know the Lord: for all shall know me, from the least to the greatest" (Hebrews 8:10, 11).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Science will declare God aright, and Christianity will demonstrate this declaration and its divine Principle, making mankind better physically, morally, and spiritually" (p. 466).

Miss Georgiana Fowler, 512 Roslyn road, Miss Betty Nellegar, 322 Kenilworth avenue, and Miss Dorothy Darling, 256 Kenilworth avenue, Kenilworth, left Tuesday, October 2, for Ogontz school, Ogontz, Pa.

Mr. and Mrs. Walter Knoop, 221 Warwick road, Kenilworth left Monday, October 1, for New York, to be gone about a week.

WALL-FILL
INSULATION REDUCES
YOUR FUEL BILLS

For Old or New Homes
Wall-Fill Insulation saves fuel, resists fire, stops drafts, deadens sound, warmer in winter, cooler in summer. Pays for itself.
Write or phone for free estimate now before cold weather comes.
A light, fluffy, dry mineral. Contains no vegetable matter. Being waterproof, it cannot rot, decompose nor swell up. Outlasts the home. As an insulator, Wall-Fill is equal to 7 feet of solid concrete, 3 1/2 feet of solid brick wall, or 94 layers of composition roofing. We do the whole job for you.
