

Ask Householders' Co-operation in Burning of Leaves

Co-operation of residents of the village in complying with municipal regulations relative to the use of the streets for burning of leaves, will be greatly appreciated, according to Village Manager H. L. Woolhiser.

Many municipalities strictly prohibit this practice, it is pointed out, because of damage to pavements and danger to motorists when the view is obstructed by smoke, but Winnetka for several years has adhered to the policy of permitting householders to burn leaves in the street provided they are kept in small piles in the gutter to facilitate satisfactory operation of the motor street sweeper.

Village officials, it is said, have observed numerous violations of these regulations this fall.

In order that residents may continue to have use of the streets for the disposal of leaves, an appeal is being made for more complete co-operation.

Tower-Sheridan Corner Scene of Motor Crash

The intersection of Tower road with Sheridan road was the scene of an automobile accident Sunday, shortly after noon, when a car driven by A. Both cars were damaged, and Mrs. Frederickson and Mrs. Oscar Burke, who was in the car with her, were slightly injured, according to Officer Carl Bishop.

Minnesota Next in Line for Maroon Grid Entry

Chicago's football schedule takes the Maroons to Minneapolis this Saturday, for the Gopher Homecoming game. Next week the clever Purdue team, with the great "Pest" Welch as its big threat, will play on the Midway.

The Maroons were defeated by Iowa last Saturday, chiefly because of the superiority of the Hawkeye line in the first ten minutes, which gave Mayes McLain, the star fullback, and Glasgow, the shifty half, plenty of openings. Chicago's inexperienced line is not yet sufficiently developed to cope with the power of a team like Iowa, and Minnesota, with an even stronger team, will be the favorite at Minneapolis.
