

# Edgar A. Stevens Announces The Opening of a New Second Floor Salon

Wednesday, October Twenty-fourth

It is only a few months since this shop was started as a new venture. Yet, even in this short time, it has won recognition for collections of authentic modes and for a highly personalized service. That it has met with genuine approval is indicated by the fact that a large clientele was established at the very beginning and patronage has increased so rapidly that additional space has become a necessity. The purpose is to present apparel that appeals to the woman who seeks garments of true distinction and who appreciates the opportunity of making selections away from the congestion of the avenue.

The Opening Event Will Be  
A Fashion Show by the  
Jnnior League of Evanston

A promenade of fashion will be staged Wednesday, October twenty-fourth by members of the Junior League. The event will start at 10:30 in the forenoon and at 2:30 in the afternoon.
