"Chicago" Holds Lead in New Trier Football Whirl

"Chicago" is well in the lead in the heavyweight division of the Intramural football of New Trier this fall. This outfit has defeated each of the other teams in the division and hasn't lost a game to date. It has a sterling back-field in Lundin, Hill, Wyle and Horn and can be counted upon to give any other team a hard fight for the championship.

"Purdue" and "Illinois" both trimmed "Indiana," lost to "Chicago" and tied each other. "Indiana" is at the bottom of the heavy division, having lost three games and won none.

"Harvard" is in the same position in the lightweight division as "Chicago" is in the heavies. Goss's team is next with one victory, one defeat and one tie. "Yale" was beaten by "Harvard" and has tied the other two teams. "Navy" has lost two games and tied one.

impossible for him to tell how the Asiatics feel because of their exclusion from the United States.

The selections which Dr. Yard read near the close of his address from the Chinese classics and some from Hindu writers, show clearly that mankind is the same the world over in aspirations, soul yearnings, and earnest seeking for the truth. The missionaries who elect to go to Asiatic countries must cast off a superiority complex, the speaker remarked.

Dr. Yard's fifteen years' experience in China has given him an intimate knowledge of religious, industrial, and economic conditions and he speaks on these subjects in a most convincing manner and with an appreciation of the Chinese viewpoint.

He is a most interesting speaker. He is enthusiastic, sympathetic, and possesses a great sense of humor.
