

FOR COMFORT AND HEALTH

Install

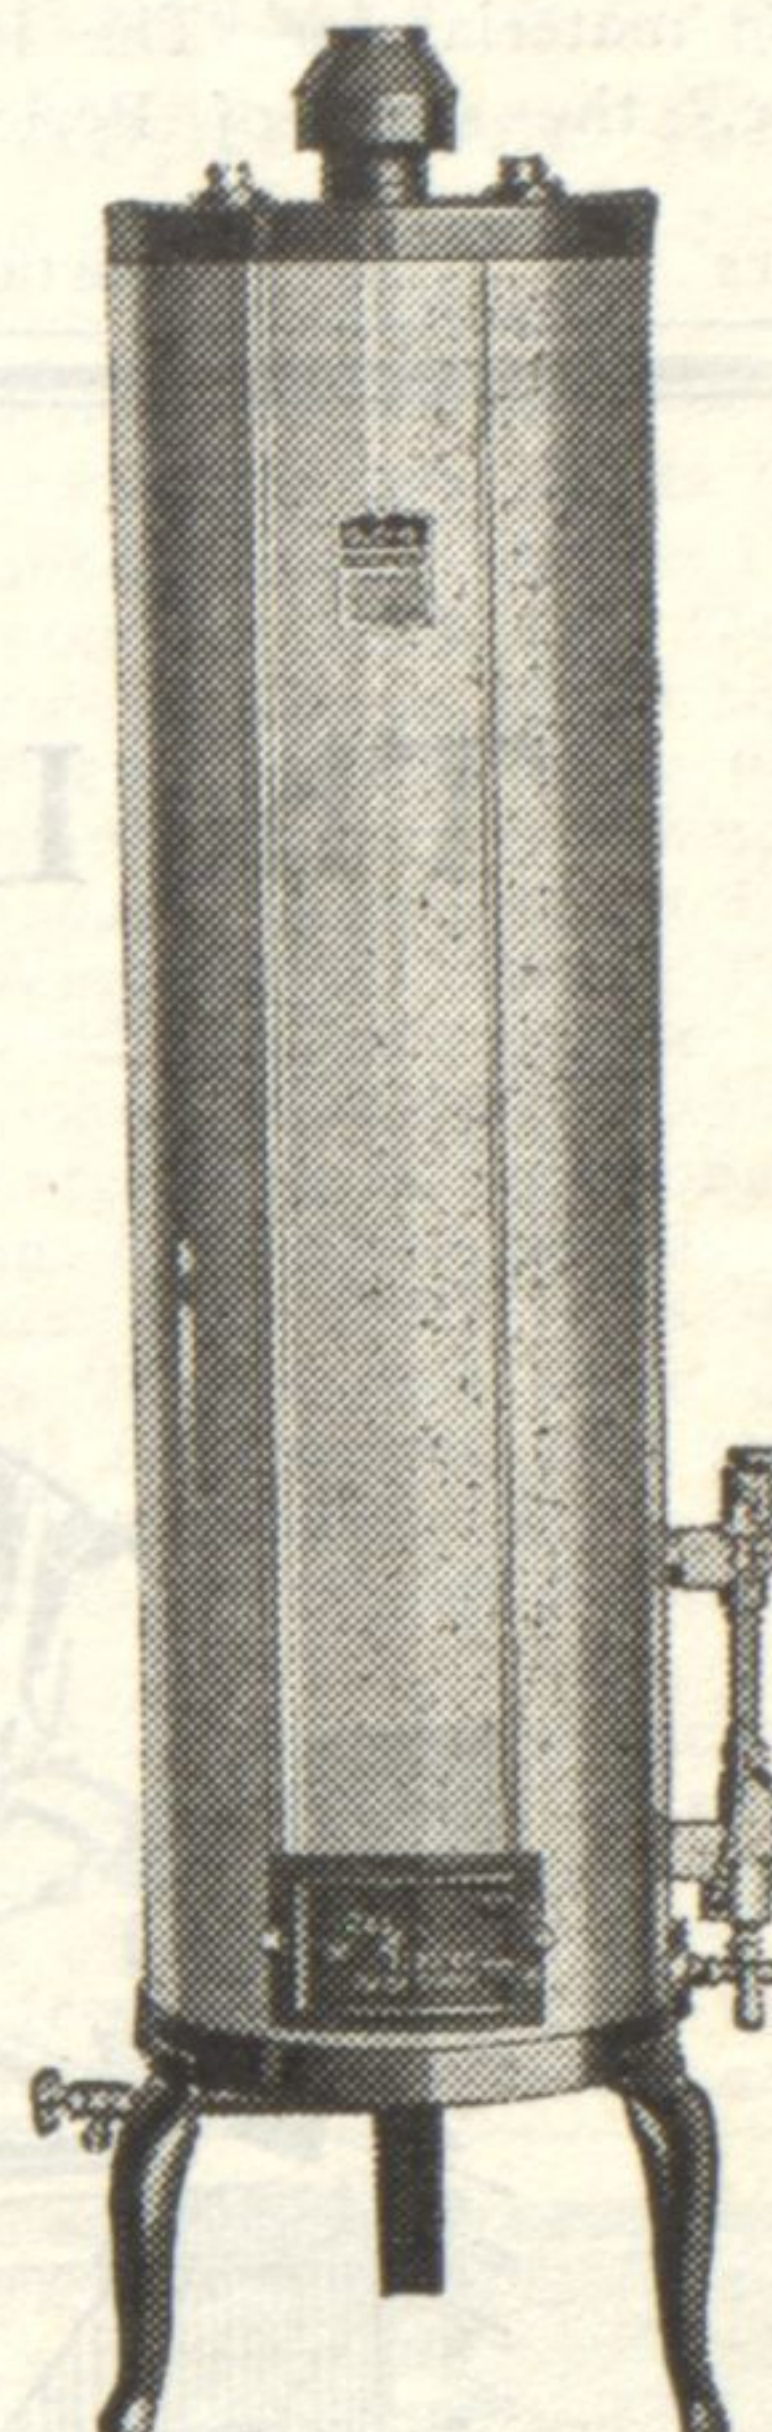

a CHAMPION or an INVINCIBLE Gas Automatic Water Heater

Your home needs a continuous supply of steaming hot water! Present day living conditions demand that high order of sanitation which can be had only through up-to-date plumbing and plumbing fixtures. That these important features of your home may serve you to the fullest extent, lighten household tasks—and provide the greatest comfort—automatic hot water service is essential.

In supplying materials to Sanitary Engineers we maintain the highest standard of Sanitary engineering principals—to protect every home owner in the selection of sanitary fixtures possessing merit at a reasonable cost—and thus provide a service for your well being that is important.

Conforming to this standard of selection, we stock and supply the CHAMPION and INVINCIBLE types of Gas Storage Automatic Water Heaters, with the secure feeling that they are the best. These heaters have proved their worth and merit on performance in actual use, also carry the Blue Star Seal of Approval, attesting to all standards of safety, durability and economy.

Prices are surprisingly low; \$55.00 to \$150.00 plus installation.

Telephone any North Shore Sanitary Engineer today (listed below for your convenience), have a Champion or Invincible Heater installed and enjoy the comfort and satisfaction of unlimited hot water when you want it.
