

# Complete Cleaning Service

We are now prepared to clean everything, from the heaviest winter blankets and drapes, to the daintiest lingerie. It is scarcely necessary to say that we are using the best and most approved methods, in fact, our scientific method of renovation is more than a mere cleaning process. It is based on an expert knowledge of fabrics and the most up-to-date means of restoring their freshness and resilience.

Phone us today. Allow us to demonstrate to you what real quality work is.

## Our Modern Cleaning Plant Is Now in Full Operation

We are justly proud of our new cleaning plant, equipped as it is with the very best and newest equipment, and extend a most cordial invitation to our many friends and patrons to visit the plant at any time.
