

# JUDGE THOMPSON SCORES G. O. P. STATE LEADERS

## Democratic Candidate for Governor Addresses Large Audience of Winnetkans

Judge Floyd E. Thompson, Democratic candidate for governor of Illinois, spoke at Community House, Winnetka, last Saturday evening.

Village President Henry F. Tenney, who introduced the nominee, characterized the meeting as the first Democratic rally in Winnetka in forty-five years.

Judge Thompson, who said he could only touch briefly upon the more important matters he wished to discuss, within the hour assigned him, also declared that in order to be in Winnetka it was necessary to cancel an engagement to attend the football game at Champaign.

He immediately plunged into a vigorous assault upon the Republican administration at Springfield.

### Strikes Blow at Small

He attacked with terrific force such well known adversaries as Len Small,

Fred Sterling and other state Republicans, matching up statements with statistics and finishing off with declarations of what he proposes to do if given the governor's office.

An audience that filled Matz hall turned out to hear Judge Thompson, those present including a number of Republicans.

Roswell B. Mason called the meeting to order and presented Village President Henry F. Tenney, who presided and introduced the speaker. He said: "Well, here we are, at the first Democratic rally in forty-five years."

"We are now engaged in the hottest political campaign that has occurred since the free silver campaign in 1896. You have read in the papers all about the national issues, all of which are important but these are not more important than those with which the voters of Illinois are confronted in the state campaign."

### Exceptionally Well Qualified

He said it is customary for the "outs to damn the ins," but declared, "the Republican administration's record in Illinois is one of the blackest in the history of the state."

He characterized Judge Thompson as a deep political student, one qualified to cope with the conditions existing in the state, and deemed it a great honor "to be able to present to you, a man, who, with our help, will be the next Governor of Illinois — Judge Floyd E. Thompson."

Judge Thompson expressed the conviction that the time has arrived for a change at the state house, adding that he did not consider the election of his opponent in this campaign as representing the change for which he feels the people are clamoring.

He declared that not over eight or ten men have dominated affairs at Springfield for the past several years. The Republican platform, he said, is silent regarding the conditions in Springfield, adding, "if you think there is going to be any change if the Republican ticket is elected, you are mistaken."

### Will Demand Action

Judge Thompson touched on the various issues of the campaign as affecting state politics, outlining clearly his stand on each, declaring that if he is elected governor he will assume the leadership, in commanding the legislature to set the governmental household aright. He referred particularly to taxation measures. Reapportionment legislation was another subject of pointed discussion. Restoration of the civil service law, was still another. "Civil service employes now are in slavery," he declared.

Publication of the state pay roll, showing the name, address and amount received by each state employe, would be absolutely demanded, he declared.

The handling of state funds and interest monies and numerous other problems were included in Judge Thompson's address, problems which

he regarded as in no sense partisan, but measures for which he said in conclusion, "I shall continue to fight."

## Rifle-Revolver Club in Trophy Shoot Tomorrow

The "Two Hundred Yard Trophy" shoot of the Winnetka Rifle and Revolver club will be held Sunday, November 4, at the Fort Sheridan range, commencing at 10 o'clock, and lasting into mid-afternoon. In the event of steady rain, the shoot will be postponed until Sunday, November 11, it is announced.

Members have been asked to bring their own rifle and ammunition or use the club's Springfields and "issue" ammunition if they prefer.

The following conditions will govern the event:

- (1)—Match open only to members of the club;
- (2)—Range 200 yards, off hand, Standard "A" target;
- (3)—Any rifle with iron sights;
- (4)—Re-entry match with suitable fee to the club for each string of ten shots fired. No sighting or practice shots allowed, but an unlimited number of "strings" may be fired;
- (5)—Best string of ten shots wins the temporary custodianship of the trophy and entitles winner to have his name engraved on base;
- (6)—Contests for the trophy may be held not more than twice in any calendar year;
- (7)—Title shall remain in the club until trophy is won three times by one contestant, in which case title shall vest in such contestant;
- (8)—The officers of the club, as a committee, may determine any further rules respecting the trophy.

The "Two Hundred Yard Trophy" is heralded as a prize worthy of attainment, and as this will probably be the last outdoor shoot of the season, club officials expect a hundred percent turnout.
