Christian Science

"Probation after Death," was the subject of the lesson-sermon in all Churches of Christ, Scientists, on Sunday, October 28.

The Golden Text was, "I am the resurrection, and the life: he that believeth in me, though he were dead, yet shall he live" (John 11:25).

Among the citations which comprised the lesson-sermon was the following from the Bible: "Brethren, my heart's desire and prayer to God for

Israel is, that they might be saved. For Christ is the end of the law for righteousness to every one that believeth" (Romans 10:1, 4).

The lesson-sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Be watchful, sober, and vigilant. The way is straight and narrow, which leads to the understanding that God is the only Life" (p. 324).
