

PLAN FOR GOLF AGAIN

Clubs Name Officers and Organize for Next Year's Play

Four of the Evanston district clubs elected their officers recently, the Evanston club naming William Hall as its president, North Shore choosing Frank S. Kaulback; Westmoreland, Robert G. Illini Fandom Eyes Big Home Contest With Ohio

Now that homecoming and its festivities are ended, Illinois football fans have one more game to which they look forward—the contest with Ohio State in the Illinois stadium November 24.

Illinois plays away from home until this game, which is the last of the season. Ohio State is a perennial rival of the Illini and their annual battles, which always close the season, are famous for their interest and thrills.

Ohio State this season is credited with having one of its strongest teams. The Illinois game will be the last appearance here of Dr. John Wilce as an Ohio coach. Wilce and Zuppke started coaching in the Big Ten in 1913 and naturally each will desire to close the rivalry with a victory.

That the Ohio State game will be watched by a large crowd is presaged by the advance sale of seats, but C. E. Bowen, ticket manager, announced this week that plenty of desirable seats are available and may be obtained by mail from the ticket office, 107 University hall, Urbana.

Illinois' out of town games are as follows: Michigan, November 3; Butler, November 10; Chicago, November, 17.

The largest class in the history of the state, 415 in all, recently received licenses to practice law in Illinois.

Mr. Field will give an account of the work accomplished by the excavators during the 1927-28 season, the sixth season of operations.
