## Willow Subway Bogey Is Shooed Away at Meeting of Trustees

The Willow street subway under Center street was a subject of discussion at the meeting of the Village council, Wednesday evening, fear having been expressed by a few women residing in that vicinity that it is a very dangerous place to travel.

Trustee Doris D. Benson brought up the matter, but other members of the council felt that the expressed fear is not well founded.

President H. F. Tenney asked Trustee Benson if she had any suggestions as to what the Village could or should do.

The subway, it was pointed out, was provided only after a most thorough study of the problem. It is a well-lighted passageway in which there are no obstructions offering a hiding place for one who might seek to secrete himself and spring out upon unsuspecting victims, according to village officials.

It was felt by others that there are far more dangerous conditions of this nature throughout the village, in the form of dense shrubbery skirting sidewalks.

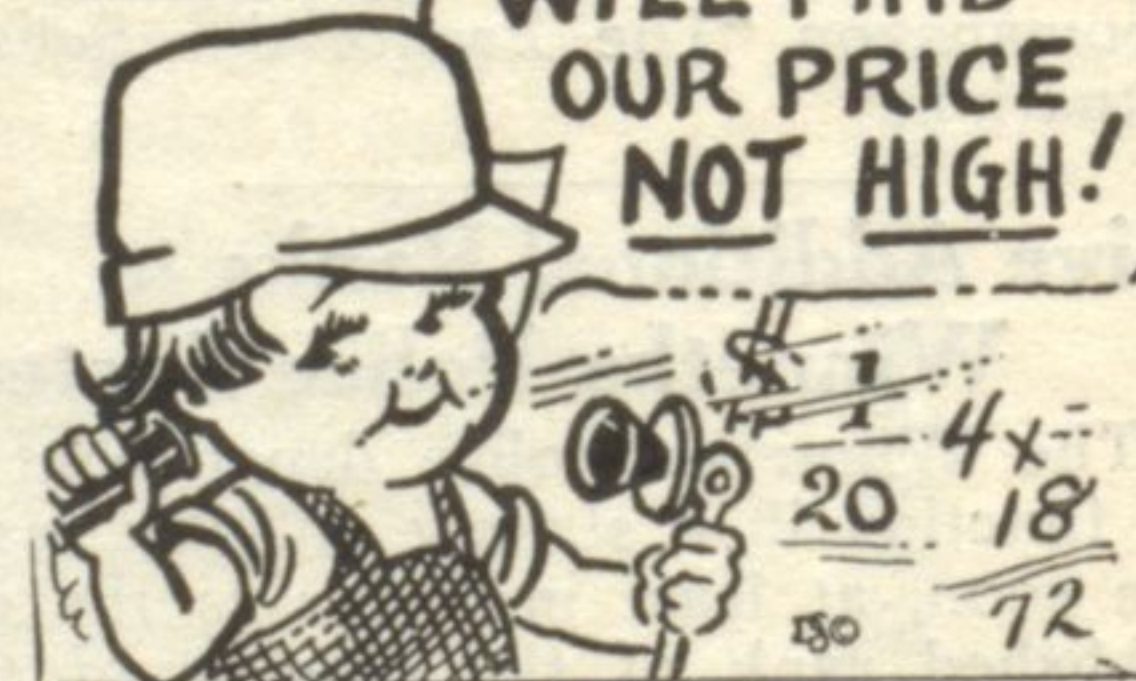

## Waltonians to Inspect Beautiful Color Pictures

The wonderful new autochrome color negatives which Dr. C. O. Schneider took this summer in Zion, Brice and Grand Canyons, together with pictures of flowers and Winnetka gardens, will be shown by him at Matz hall Saturday evening, November 17 to Isaak Walton League members and candidates for membership.

### AUXILIARY MEETING

The Young Woman's auxiliary of the Winnetka Congregational church will meet next Wednesday, November 14, at the home of Mrs. Vernon Welsh, 1180 Westmoor road. This is announced as an important meeting and the members are asked to bring all completed work for the Yule Lane Shops. The meeting will start in the morning and continue through the day, so that as much work as possible can be finished.
